Will Stalin Apply Brakes Or Grab While Grabbing Is Good?

By JOHN M. HIGHTOWER

Associated Press Diplomatic Reporter

WASHINGTON, March 18—Diplomatic officials agreed today President Truman has flashed a powerful stoplight on Premier Stalin.

But what has them worried is this: will—or can—Stalin apply the brakes to bring Russia's Communist aggression in Europe to a quick halt in the face of possible steps to build up America's military might?

Or will he decide to grab while the grabbing is good?

Comments of Ohio congressmen on Truman message appear on Page 19.

There is some fear nere the Kremlin may try to step up its offensive operations in a hurried attempt to extend its control over one or two more countries of western Europe before the United States can act.

Hence on the central issue of peace or war, the next month may be the most critical since the summer of 1939.

Exactly a month from today, on April 18, the Italians are scheduled to hold national elections in which the Communist party is making an all-out bid for power.

Moreover, this is the period in which Russia and Finland will be negotiating over a Soviet-proposed military alliance and in which the Russians may make any demands they have in mind on Norway.

Two Outstanding Questions

In all these prospective events two big questions stand out.

The first is: What moves will the Russians make to meet the President's new diplomatic offensive.

The second: Will congress underwrite the President's program by approving more or less the military proposals he laid down or will it decide that this is an improper course for the United States?

On the second question officials privately concede that Mr. Truman took a big risk in advocating both universal military training and a temporary draft as measures to meet the Russian challenge.

These administration leaders contend that if he fails to get his proposals through the fact will be jumped on abroad as evidence of a lack of real support at home for this country's new stop-Russia foreign policy.

But even more troublesome to diplomatic experts at the state department is the uncertainty over what Russia will do. Speculation takes several lines.

May Use Propaganda

One is that the Soviets may protest through propaganda means their innocence of any aggressive action in Europe. Coupled with this is their almost certain claim that the United States is deliberately trying to make war on the Soviet Union.

Another possibility seen here is that Stalin actually may try to put the brakes on some of the Communist parties outside the Russian sphere of eastern Europe but may be unable to do so.

Officials here say the situation in Europe along the dividing line between east and west is so tense there is always the danger of (1) a policy miscalculation by the Russians or (2) a blundering move by one of the satellite countries.

Either could plunge the world into another war.

YOUTH DIES OF BULLET WOUND

University Student Killed by Random Shot from "Unloaded" Pistol.

By The Associated Press

BOWLING GREEN, O., March 18 — An 18-year-old Bowling Green State university pre-medical student died of a bullet wound early today, apparently the victim of a supposedly empty pistol fired at least 140 feet away.

Wood county Prosecutor Floyd A. Coller and Police Chief Guy Spitler said the dead youth was Charles Wentzel, Centerburg, O., freshman, who was in his own first-floor dormitory room when a bullet shattered a window, striking him in the head.

The two officials said Jim Singler, 21-year-old former seminary novitiate from Sandusky, O., was being held without charge pending a coroner's inquest later today.

Coller and Spitler said Singler admitted firing a Belgian 9 millimeter pistol from his second-story dormitory window but maintained he thought the weapon was unloaded.

Singler, they said, attended the Sacred Heart Seminary, Geneva, Ill., for three years before entering Bowling Green state as a freshman this year.

From Singler, Coller and Spitler said, they obtained this story:

He was listening to a radio program in his own room last night when he decided to toy with one of several foreign-make guns owned by a roommate, Dean McKinnon, 21, a sophomore of Bethesda, Md.

He pointed it through an open window and pulled the trigger.

When the gun discharged, he dropped it and walked to the dormitory office where another student, Jerome Weiss, 18, of Cleveland, appeared, saying Wentzel had been shot.

After Wentzel was removed to a hospital, Singler told campus policeman Harold Travis about firing the Belgian pistol. He was taken to county jail for further questioning.

Wentzel was valedictorian at Centerburg High school last year and School Supt. Glenn H. Blinn described him as "one of the best students we had in years."

His father, C. E. Wentzel, is a Pennsylvania railroad section foreman.

Schools To Be Closed For Spring Vacation

Spring vacation for pupils in the Marion city schools will begin at 3 o'clock tomorrow afternoon and for St. Mary Parochial school at noon Wednesday.

Classes in city schools will be resumed on Monday morning March 29, the day after Easter, and at St. Mary school on the Tuesday following Easter.

County schools will not be dismissed for a spring vacation in order to close the term at an earlier date, the office of D. T. Mills, county superintendent, reported.

10 Die As B-29 Crashes in Fog

By The Associated Press

TAMPA, Fla., March 18—Ten men were killed and four injured early today when a B-29 from the Spokane, Wash., airbase crashed and burned on landing at MacDill field here.

The four survivors were admitted to the base hospital. Their condition was described as "good."

The bomber was coming in for a landing in a dense fog when it hit the edge of the runway at the southwest corner of the field, it was reported by Capt. George G. Byrnes, MacDill field public information officer.

Wreckage Scattered

The big craft hit the ground, bounced once and then crashed and burned. Wreckage was scattered over a wide area.

Fog was rolling from the bay and hugging the ground about 150 feet thick, Capt. Byrnes said. Apparently it was impossible to pick out the runway quickly.

The plane had stopped at Maxwell field (Montgomery, Ala.) and was arriving at Tampa from that base. It was attached to the 92nd Bomb Squadron at Spokane. The crash occurred a 2:32 a. m.

Begins Investigation

The MacDill field accident board began an immediate investigation.

The injured men were listed as First Lt. Roy M. Walsh, believed to have been the pilot; First Lt. R. H. Hathaway, Staff Sgt. C. C. Miller and Cpl. J. M. Miller. Their home addresses were not immediately available.

Names of the dead were withheld pending notification of next of kin.

Air Rifle Mishap May Cost Eye of Child, 4

A shot from an air rifle may result in the loss of an eye for Lee Franklin Workman, 4, of 812 North Main strett, Police Chief William E. Marks said today. The pellet, fired by one of several children playing with air rifles near the Workman home at 8 p. m. Monday hit a window of the house, causing a bit of glass to strike the child in the eye. He is the son of Mr. and Mrs. Leo Workman.

Chief Marks today criticized parents who, through negligence or ignorance buy air guns for minors and allow them to use the guns without supervision.

According to the Ohio State Criminal Code, whoever sells, barters, furnishes or gives to a minor under the age of 17 years, an air gun, musket, rifle shotgun, revolver, pistol or other firearm, or ammunition and knowingly permits it to be used by a minor, shall be fined not more than $100 or imprisoned not more than 30 days, or both.

Estimates 3 Months To Organize Draft

By The Associated Press

COLUMBUS, March 18—It will take two or three months to reorganize Ohio's draft boards, says Chester W. Goble, the state's World War Two draft chief.

Goble made the estimate last night following President Truman's request for a temporary selective service act.

Ohio had 300 draft boards in World War Two. Goble said it was "problematical" how long it would take to reorganize them because "we don't know how many of the former members would come back to serve."

Workers in the Marion County Red Cross Campaign Fund drive were within sight of their 1948 goal of $25,985 after figures at last night's report meeting were totalled. Reported to date is $22,292.86, of which $9,038.83 was raised in the residential section, $1,830.36 by the advance gifts workers, $416 through contributions of clubs and organizations, $4,580 by industrial campaign workers, $832 from national stores, $2,519.15 through subscriptions from business and $3,076.17 from county subscriptions.

Teams made up of women workers canvassing the residential districts have only $461.17 to reach their goal of $9,500 figures chalked up last night show. National stores, and workers in Wards one, and two have topped their goals according to reports. Additional precincts in Wards one, two, four, five and six also topped their quotas.

With high hopes of reaching the goal within another week, the workers set next Wednesday night for a final meeting. Last night's reports, together with the quotas for the various divisions, follow:

Advance Gifts—$1,830.36, quota $2,337.56; clubs and organizations $416.

Industry—$4,580, quota $5,245.

National Stores—Harry Margwarth, chairman, $832, quota $650.

Business—$2,519.15, quota $4,089.

Ward One—Precinct C, Mrs. M. J. Creager, chairman, $275, quota $219.15; Ward quota $1,100.35, reported $1,225.38.

Ward Two—Precinct A, Mrs. James Bonner chairman, $99.75, quota $97.30. Ward quota $850.45, reported $916.29.

Ward Three—$499.67, quota $600.

Ward Four—Precinct B, Mrs. Closs Musgrave, chairman, $173.06, quota $153; Precinct C, Mrs. D. R. Biggert, chairman, $394.19, quota $356.90. Ward quota $1,850, reported $1,518.76.

MUST LICENSE HOMES

By The Associated Press

COLUMBUS, O., March 18—Any rest, convalescent or boarding home for the aged, whether or not operated for profit, must be licensed by the state and is subject to inspection if it makes any kind of a charge, Atty. Gen. Hugh S. Jenkins ruled today. His opinion was given to Karl R. Rabb, chief of the state division of aid for the aged.

DEFENDS STEEL PRICES

By The Associated Press

AKRON, O., March 18—Steel prices are low when compared with other commodities, Benjamin F. Fairless, United States Steel Corp. president, said last night. He told the Summit County Safety council the wholesale price of all commodities climbed 108 per cent in the eight-year period ending with 1947, but steel prices advanced 46 per cent.

ASKS LARGER ARMED FORCE

Forrestal Backs Draft, with Vets Exempted, To Increase Strength.

By The Associated Press

WASHINGTON, March 18—Secretary of Defense James V. Forrestal advised congress today he will recommend increase in the present authorized strength of the armed forces.

Forrestal also said the administration is not at present planning to include World War veterans in the limited draft asked by President Truman.

He and Army Secretary Kenneth C. Royall estimated for the senate armed forces committee that the draft would include a gross of 3,000,000 men between the ages of 19 and 25 who did not serve in the last war. Royall said there has been "'some discussion" of calling veterans who served "only one or two months," but no decision had been reached.

Made 2 Years Ago

Forrestal told the senate armed forces committee that the present authorized strength was based on assumptions, made two years ago, that had failed to materialize.

He proposed no specific figures but said exact recommendations must await further studies.

The Army's present authorized strength is 669,000. It is 119,000 men under strength. The Navy is 159,000 men short of its authorized strength of 552,000 and the Air Force is authorized to have 401,000 men, but has only 359,000. The Marine Corps' present authorized strength is 110,000, but the Marines have only 90,000.

Forrestal appeared before the committee to back up President Truman's request for universal training and a temporary revival of the draft. Republican congressional leaders indicated continued coolness toward universal training, but were not closing the door on a reenactment of the draft.

Secretary Forrestal warned the committee that "the pressing needs of the regular military establishment cannot be filled through voluntary enlistments."

Short of Strength

Despite the most successful voluntary recruiting program in the history of the world, he said, the armed forces still are approximately 350,000 short of authorized strength.

He also attempted to hammer home administration arguments in support of universal military training be asked congress not to succumb to "seductive appeals" that atomic weapons and guided missiles made larger numbers of trained men unnecessary.

Sheriff Reads Gypsies' Fortune, Predicts Trip Out of County

A band of gypsies, traveling in a caravan of 15 trailers, which yesterday moved into Crystal Lake Park, north of Marion, received a visit this morning from Sheriff LeRoy Retterer and County Sanitarian Fred Maxwell. For a change the gypsies had their futures read for them. The fortunes as read by the sheriff and the sanitarian without benefit of a crystal ball, cards, or tea leaves, predicted the gypsies would be making a journey to a distant place, at least distant enough to place them beyond the county borders, and the journey would begin by 2 p. m. today.

The gypsy tribe was ordered to move under statutes of the state and county health departments. It is illegal to operate or inhabit a trailer camp in this state without provision for sanitation facilities, as Sanitarian Maxwell explained this morning to the leader of the gypsies. As no such sanitary facilities exist at the gypsy encampment the moving of the caravan was the only answer.

The property was rented by the "sons of Romany" from Fred B. Scherff, the owner, for the sum of $50 Scherff told Sheriff Retterer. The term of the rental as told by the gypsies varied from overnight up to two or three weeks. The gypsies were to remain only until Monday Mr. Scherff said.

The wanderers moved into the park area at 4:15 p. m. yesterday and their presence there was investigated by Deputy Sheriff George Conroy at 8 p. m. last night.

Upon being advised this morning of the health department's objection to the tenancy of the gypsies in violation of health laws Mr. Scherff made a visit to the camp and cancelled the gypsies' permit to occupy the premises, made a financial adjustment with them, and advised them to quit the premises as ordered by the sheriff.

Sheriff Retterer was on hand at 2 p. m. to see that the nomads "folded their tents like the Arabs and silently steal away."

PARTY LABELS FORGOTTEN AS FORCES DIVIDE

Lawmakers May Go Along on One Proposal for Stronger Military Power.

By The Associated Press

WASHINGTON, March 18—Congress split down the middle today on President Truman's plans for shoring up the nation's military strength with universal training and revival of the draft.

Party labels were lost in the shuffle as leaders divided over the two measures Mr. Truman said are needed to flex the muscles of a country that has become "the principal protector of the free world" against Communism.

The upshot seemed to be a trend toward giving the President one—but not both—of the manpower raising laws. Universal military training looked like slightly the better bet although the cards are stacked against UMT in the house right now.

As a third step to halt the aggressive march of "one nation"—Russia, Mr. Truman also called for quick and final approval of the $5,300,000,000 Marshall plan for European recovery.

The senate already has passed its bill. And, within four hours of the President's address to congress, the house foreign affairs committee stamped its okay on a similar program.

Speaks in New York

The Chief Executive told a New York St. Patrick's day banquet audience last night that the big issue in the world now is "tyranny versus freedom."

"Our faith and our strength," he said, "must be made unmistakably clear to the world."

Bluntly, Mr. Truman accused Russia of trying to sabotage the peace and of seeking to bring all of Europe under Communist sway.

The still-free nations that remain, the President said, this country must support with its full strength—"military, economic and moral."

And he said—as he had earlier in the day to a joint session of congress—that this nation must be strong to keep the peace. He warned against "the insidious propaganda that peace can be obtained solely by wanting peace."

"We will have to take risks during the coming year — risks perhaps greater than any this country has been called upon to assume," he declared grimly. "But they are not risks of our own making and we cannot make the danger vanish by pretending that it does not exist.

"We must be prepared to meet that danger with sober self restraint and calm and judicious action if we are to be successful in our leadership for peace."

His Words in Congress

Mr. Truman used different words before congress:

"We must be prepared to pay the price of peace, or assuredly we shall pay the price of war."

In that address, the President made only minor changes as he went along.

But in talking to the St. Patrick's day dinner in New York he made a major text departure when he lashed out by name at Henry Wallace, the third party presidential candidate.

After asserting that "we must beware of those who are devoting themselves to sowing the seeds of disunity among our people," the Chief Executive declared:

"I do not want and I will not accept the political support of Henry Wallace and his Communists.

"If joining them or permitting them to join me is the price of victory, I recommend defeat. These are days of high prices for everything. But any price for Wallace and his Communists is too much for me to pay."

There was no immediate reply from Wallace, who has scheduled a radio rejoinder to Mr. Truman's speech to congress for 10:45 p. m. (EST-ABC) tonight. But earlier in the day, the former vice president and ousted Truman cabinet member had termed the address to congress "a shameful call for world remobilization, a complete admission of failure of the Truman doctrine and a call for an American police state."

Congressional leaders in both major political camps agreed on one thing—they want to do something to stop the spread of communism across not only Europe but the world.

But there the agreement stopped.

Vandenberg's Position

Chairman Vandenberg (R-Mich) of the senate foreign relations committee said that if this country does not now have the essentials of national armed security "we must provide them by the most available, immediate means.

MAYOR GIVES TALK ON HOSPITAL PLAN

Addresses C. of C. Civic Affairs Committee.

Mayor Harry L. Dowler was principal speaker at the luncheon meeting Wednesday of the Marion Chamber of Commerce civic affairs committee held at Hotel Harding. Chairman Henry Krigbaum presided.

The 21 members present heard Mayor Dowler review the Marion hospital situation in respect to the critical need for increased facilities and the opportunity under the Ohio hospital plan to do something about it.

Attention was called to the public meeting here March 29 when a special survey made by the construction engineers for the state health department office of hospital facilities will be made public. Efforts are being made to have a representative attendance of civic and professional groups in the city and county present at the meeting to hear the report and recommendations on increasing hospital facilities for Marion and the Marion county area.

Mayor Dowler pointed out three ways in which action on the hospital situation can take shape. The city could go ahead with plans of its own, financing construction itself or endeavor to form a district comprising the city and the townships in and adjoining Marion county as designated in the Ohio plan. A third possibility would be a joint program with the city and county participating.

U.S. BUCKING OIL SHORTAGE

Produces Synthetic Fuel at High Cost So Far, To Guarantee Enough.

By The Associated Press

WASHINGTON, March 18—The government today knows all it needs to know to start building a synthetic liquid fuel industry which would guarantee us against all foreseeable petroleum shortages in war or peace.

But the price of fuels made from coal or shale would be high—five to seven cents a gallon more for gasoline than for the natural product, not counting the dealer's profit, according to the interior department's division of synthetic fuels.

Since the fuel couldn't be produced profitably, the government would have to pay heavy subsidies to keep the industry running. The construction would require vast amounts of steel and other materials now urgently needed for other purposes, and research is developing more efficient processes so fast that any plant erected today would probably become obsolete in a short time.

Changes Are Rapid

In view of all this, it would be better to make a modest start, just to give the industry a toe-hold, say Secretary of Defense Forrestall and Secretary of the Interior Krug.

Krug has recommended to congress that the government sponsor three commercial-size synthetic fuels plants, to be run by private industry but given financial assistance by the government. One would extract oil from shale. The other two would convert coal into liquid fuels by two different processes.

They would produce only about 30,000 barrels of oil a day—hardly a drop in the 5,700,000,000-barrel bucket of our daily consumption—but it would provide an opportunity to test out the processes on a commercial scale. The three plants would cost about $400,000,000.

Seek Cheaper Methods

The government's various pilot plants and the research laboratories which are run both by the government and industry would continue to seek cheaper and more efficient methods of making synthetic fuels.

Oil has become even more important than coal as a source of energy in this country. If war came before the synthetics industry were established, the oil shortage would be far worse than in the last war. "It now appears that the United States military and civilian needs for a major war effort would exceed by at least 2,000,000 barrels a day the foreseeable production from the continental United States," says Forrestal. He figures that the military alone would be about 2,750,000 barrels a day—twice what it was in the last war.

The President's Message

THE reasoning in President Truman's message to a joint session of congress on Wednesday may be outlined like this:

1. The United States has been disappointed in its hope of cooperative international security as the fruit of victory in World War I

2. This is because the Soviet Union has systematically blocked a just and honorable peace.

3. Therefore, the United States must fall back on hope of security for itself and its friends by creating a bloc of like-minded nations, leaving the door open to the Soviet Union if it has a change of heart.

4. The bloc must work together not only in the economic field but in the military field. Its members must have some "measure of protection against internal aggression."

5. The United States will work in the economic field through the Marshall plan. Meanwhile, it will match the determination of the free countries to protect themselves from aggression, while continuing to support the principles and purposes of the United Nations charter—"the basic expression of the code of international ethics to which this country is dedicated."

6. This protection demands three measures. They are speedy enactment of the Marshall plan, prompt enactment of universal military training for long-term military security and immediate reenactment of the selective service act for short-term security.

"We must be ready to take every wise and necessary step to carry out this great purpose," Mr. Truman told the joint session of congress. "This will require assistance to other nations. It will require an adequate and balanced military strength. We must be prepared to pay the price of peace, or assuredly we shall pay the price of war...The time has come when the free men and women of the world must face the threat to their liberty squarely and courageously."

The outline does not take into account possible political considerations. These, of course, will be reviewed by the political opposition. That is its function.

Nor does Mr. Truman mention any of the controversial details of the broad measures he proposes. Those, too, will be aired in congressional debate.

The fact is that the Marshall plan seems certain to be enacted by congress within a few weeks. There is substantial agreement on its terms.

There is unlikely to be strong opposition to reenactment of the selective service act in view of the fact the armed services have not been brought up to authorized levels of strength by recruiting. Mr. Truman said a year ago he would recommend reenactment if this happened.

That leaves universal military training as the only real point of controversy. Mr. Truman has asked for its adoption before. Bills are in both houses of congress and debate on them may properly be expected to shed more light on the need for universal training than has yet been evident.

Another $90,000,000

THE department of interior plans to spend $90,000,000 to rehabilitate the Navajo Indians, who undoubtedly need it. The 12,000-odd families of the tribe living under government care are down and out.

But they always have been down and out, in varying degrees. They have been poorly adjusted to the circumstances of their environment; they were that way long before there was a Great White Father in Washington.

Yet, they have multiplied. There are more of them today than there were at the beginning of the century. All the help they have received, which never has been as much as some thought they should have, hasn't made a dent in the problem of what can be done about human beings with no evident desire to do something about themselves.

"To be successful," says Secretary of Interior Krug wistfully, "the plan must have the support of the tribe and congress and acceptance by the states and the people adjacent to the reservation." As in all things else that the United States is willing to spend money for, there is no built-in magic in dollars. They must be converted into something useful by the addition of gumption.

French War Losses

WHATEVER its losses in spiritual values and materials, France suffered comparatively small casualties in World War II, according to the French veterans affairs ministry. World War I casualties exceeded 6,000,000. In World War II, dead, wounded and missing totaled less than 800,000. Of the 820,000 captured by the Germans, 598,000 have returned home.

These figures are brought forward by the government to refute the claim that France's manpower losses have seriously injured the nation. Actually they are small, so small that the manpower shortage can't be advanced as the reason for the plight France finds itself in today.

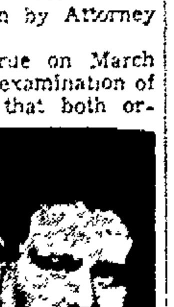
Scanning the Record

By George E. Sokolsky

Strange Coincidence in Condon Defense.

REPRESENTATIVE HOLIFIELD of California on March 9 inserted in the Congressional Record a prolonged address in defense of Dr. Edward U. Condon which makes very interesting reading. However, I note that he said that the American Soviet Science Society "is not affiliated with the National Council of American - Soviet Friendship," which has been declared a subversive organization by Attorney General Clark.

That was not true on March 8 when I made an examination of the fact. I found that both organizations used the same office and the same telephone as of that day. I found that the American-Soviet Science Society is listed at 114 East 32 street, telephone Murray Hill 3-2080; the National Council of American-Soviet Friendship is listed at 114 East 32 street, telephone Murray Hill 3-2080. I found that the National Council of American-Soviet Friendship, Inc occupies rooms 803-5 in that building, while the American-Soviet Science Society occupies room 804. Also in room 804 is the American-Soviet Music Society. In room 803 is the reporter on American-Soviet relations. This is a suite of rooms used by affiliated organizations.



SOKOLSKY

Perhaps Representative Holifield can explain this coincidence. Perhaps he knows why two offices that have nothing to do with each other, "are not affiliated," live in the same room, have the same telephone, undoubtedly use the same office help. He admits:

"It is true that the society grew out of a committee connected with the National Council at that (SIC) time of the war when Russia was our ally . . ."

He then lists a number of distinguished and undistinguished persons who joined this organization during the war. If we were to hold everybody responsible for his attitude toward Soviet Russia during the war, most who today most violently attack Russia would be condemned for their former stupidity.

Post-War Discovery

However, the war is over and even those who felt that they had to go along with a so-called ally are discovering that Soviet Russia was never an ally; that Soviet Russia used this country to her advantage and to our detriment. But March 9 is a late date to keep on repeating the same errors.

Therefore, when Representative Holified said on March 9 what was untrue, by investigation, on March 8, one is startled. For he repeats ". . . the American-Soviet Science Society long ago severed connections with the national council . . ." On March 8, that was not true. Both organizations were connected by operating on the same premises and by using the same telephone. I wonder if Representative Holifield investigated this "separation" or was just told about it by someone.

Dr. Condon's Suggestion

I had not known that Dr. Condon had suggested that the employes of the National Bureau of Standards join this organization which on March 8, 1948, was in the same offices and used the same telephone as the National Council of American-Soviet friendship, the latter having been declared to be a subversive organization. He apparently did that and Representative Holifield defends that action. In fact, he says:

"In passing, I would like to point out that these attacks on this society, aside from their utter absurdity and untruth, have resulted in hindering an activity of vital interest to the security and defense of this country, for the society was doing work for the armed forces."

That requires some explanation. Precisely how would something called American-Soviet Science Society, "be of vital interest to the security and defense of this country?" That sentence implies that the interchange of scientific information between the United States and Soviet Russia can benefit the United States. I wonder if Representative Holifield of California would list without unnecessary comment, so that we can stack one against the other, how much exchanging the United States has done and how much Soviet Russia has done. Precisely what data did Russia send to this country for our advantage? How many, by name, please, American scientists were permitted to work in Russian research laboratories and to bring out for our use whatever data they obtained in such laboratories?

Representative Holified makes a categorical statement: Let him produce some evidence, factual, irrefutable evidence that can be investigated and checked. It would be valuable to the American people to know the facts.

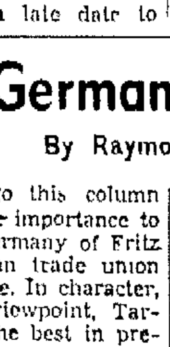
Sound German Labor Leader

By Raymond Moley

SOME years ago this column pointed up the importance to a reconstructed Germany of Fritz Tarnow, a German trade union leader then in exile. In character, antecedents and viewpoint, Tarnow represented the best in pre-Hitler Germany. He now appears as zonal secretary of trade unions in the United States zone of occupation. His views on the place of trade unions in a democratic state appear in a statement by him in the AFL's February "Labor Monthly Survey."



MOLEY

Tarnow views underline the best in past AFL doctrine concerning the relationship of unions to the government and to political parties. Unions should, he says, be independent, although they should expect political parties to press for legislation favorable to unions.

Moreover, he raises his strong voice to define the nature of a democracy in which trade unions can be safe. It is, in short, the antithesis of all that Soviet doctrine and policy stand for.

The use of Tarnow by our occupation government and this recognition by the AFL becomes more significant as we review Tarnow's public career.

Attacked by Hitler

When Hitler came to power, Tarnow was the head of one of the oldest and most powerful of German unions—that of the lumber and wood workers. Under the Nazis he was promptly jailed and promptly escaped. Hitler took pains to denounce him personally over the radio. He used against him the familiar smear that he lived too well. He said that Tarnow occupied a luxurious office decorated with wood carvings paid for out of the laborors' pennies.

Some years ago, Tarnow wrote a little book, after a trip to America in 1927. The book was called "Why Stay Poor?" In it he pointed out that the German worker, if he followed American methods of efficiency, would never be brought to the Marxist status of "pauperization." He might bring himself to wealth in a "reasonably" organized and only partly socialized world. Shortly after the publication of the book, the great depression arrived, and as a plan for improvement Tarnow, together with two economists, proposed something similar to our RFC. This was rejected by the Socialists. It also was contrary to Hitler's plans for the enslavement of both the managers and workers in industry.

Kept Moving

In 1933, Tarnow fled to Denmark and there became head of the trade union underground movement. When Hitler seized Denmark, in 1940, Tarnow escaped by sea to Sweden and tried to continue his work there. This was more difficult because many of his fellow exiles fell into the trap of communist propaganda. He was allowed to return to Germany in 1946.

Tarnow's strictures on the relations of trade unions with politics set forth in the AFL publication must be considered in light of his background. He always belonged to the Social Democratic party. In principle, therefore, he was in favor of a very gradual nationalization of business and wealth. The real interest of workers, he held, was in the efficiency of workers as a precondition to larger shares in the national income.

It would be a great national service if the AFL would permit Tarnow to extend his remarks in their publication to inform American labor of this considered opinion of efficiency as a basic obligation of labor. Such a pronouncement would help more than all the pleas of management. But is the AFL willing to sponsor such a doctrine?

Did You Ever Go For a Deer Ride?

struck a deer with their automobile. They loaded the animal in the car and started for home. But after an hour's ride the animal changed its mind. It wasn't dead. Jumping out of the auto it fled into the night.

Sign Trend

People who loathe highway advertising signs may consider any improvement in signs impossible. It is interesting, however, to learn that the acrylic resin called "lucite," so useful in reflector buttons and other aids to safe driving and noted for "piping" light around curves, is made into signs that glow uniformly with sunlight by day and at night from fluorescent tubes around the edges of the plastic. The color is in the material, so there is no painting, and any broken places may be patched.—O.S.U. Science and Appliance.

Humanity has longed for an heroic saviour and king who would rule kindly for all time. Yet humanity has stoned and crucified its saviours. Our actions may pierce the heart of the infinite. Ps. 72:17: "All nations shall call him blessed."

TWENTY YEARS AGO

It was Sunday, March 18, 1928.

J. W. Darrick of Lima was elected president of the northwestern Ohio Boosters association of the United Spanish War Veterans in its quarterly meeting held at the Marion theater. Mrs. O. P. Magann of Kenton was elected chairman of the auxiliary.

Silk dresses and men's clothing valued at $800 were stolen from the National store on West Center street by burglars who forced entrance by ripping a heavy wire screen from a rear door.

Mrs. Charles H. Elliott of East Center street returned from a two months' visit in St. Petersburg, Fla.

Mr. and Mrs. Allison Millisor entertained a company of friends at their home on Uhler avenue in celebration of their twenty-fifth wedding anniversary.

Mr. and Mrs. Earl Sargent entertained members of the Wide Awake club and their husbands at their home on East Center street.

We Must Be Tough at Home

By Walter Lippmann

WE ARE at the end of the period —which began about two years ago—during which we have pursued a tough policy abroad and a soft policy at home. It is plain that it is no longer possible to make good all our commitments in Europe, in the Middle East, and in Asia, with this country demobilized, its industry reconverted to civilian use, and its people enjoying privately the blessings of freedom and peace.

We have hoped and believed that our potential military power —the fact that we could, if necessary, develop overwhelming striking force—would be respected and feared by the Soviet Union for some years at least until the devastation of the German war had been repaired and until the technological backwardness of Russia in weapons like the atomic bomb had been overcome.

LIPPMANN

Our own fundamental military calculation is now proved to have been mistaken. We have assumed that our eventual and ultimate military power was sufficient to validate a foreign policy which had as its object not only the containment of Communism within the post-war orbit of the Soviet Union but the contraction of Communism to the territory of the Soviet Union.

We see now that the unmobilized power of the United States cannot support and enforce this foreign policy—that the Soviet government is not deterred by our potential power, that the threatened countries do not unite effectively or have the will and capacity to resist if, as it is now the case, it would take a long time to recruit, train, equip, transport overseas and deploy the armed force of the United States.

The Kremlin, we must realize, has perceived that the vulnerable element in our position is the time we would need to decide, and then to act, to convert our potential military power into actual. This critical interval of time—which exists because we are a peace-loving democracy and separated by the oceans from the European continent—the Russians are exploiting as fully as they can for their own military advantage.

They are using the period of our unpreparedness to dominate, neutralize, or capture the strategic positions from which—when we have mobilized—a serious counteroffensive would have to take off. Knowing that we are not yet mobilized, they have acted, beginning with Czechoslovakia and Finland, to forestall and to frustrate the mobilization of our power. If in the time we consume first in debating, then in mobilizing and deploying, they could thwart the unity of western Europe, make Germany untenable, master the strategic approaches from the north and through the eastern Mediterranean, and perhaps also entangle us irretrievably in China, our military problem—when at last we were mobilized—would indeed be formidable.

The fact that the Japanese and the Germans miscalculated the risk of exploiting our unpreparedness has probably not been forgotten in Moscow. But it would be dangerously wishful thinking on our part to suppose that our own military position as against the Soviet Union is as favorable as it was against Germany and Japan. In the second world war the balance of military manpower was decidedly against the Axis. Now the balance is heavily against us and against any coalition which could be formed.

Way To Decision

The only way we could hope to achieve a military decision would be by an assault, like that against the Japanese homeland, on the main centers of European Russia. The Soviet military plan is to control—before we are prepared and able to defend them—the lines of supply, the staging areas, and the bases from which such an assault could be delivered. If they are able to carry out their plan, we should then as in the Japanese war, have to fight our way back to these strategically important positions. But unlike the Japanese war the way back would not be from island to island in an empty ocean. It would be through the densely populated centers of western civilization, and through their turbulent African and Asiatic dependencies and colonies. It is by no means certain that any country on the European continent would be willing to let a war of this character be fought to a military decision.

The situation is indeed, as Secretary Marshall has said, very, very serious.

Can't You Revoke a Pardon?

Boston's Mayor Curley, recently pardoned by President Truman, has endorsed General MacArthur for the White House.

That's biting the hand that freed you.

Curley was serving time on a mail fraud conviction when Truman released him. Stone walls do not a prison make, not when you've got a friend in the White House.

I'll bet if the President had had any idea Curley would ever endorse MacArthur, Boston's mayor still wouldn't be seeing his family, except on visiting day.

In fact, I think if I were Mr. Truman I'd send Curley a dictionary so he could learn the meaning of gratitude.

Of course, one can understand Curley's enthusiasm for MacArthur, the mayor not having been out of uniform so long himself.

As you grow ready for it, somewhere or other, you will find what is needful for you in a book.—George Macdonald.

permanent, compulsory
training program for
They'd be drafted for military training, although not necessarily into the armed forces.

This program might not be able to get into a full swing for at least a year after law was passed.

James Marlow

Now take the two proposed laws separately:

The temporary draft—

The wartime draft law died last March 31. It gave the government power to draft men. Now it can't. So the armed forces must depend on volunteers.

Not enough men have volunteered. So the armed forces don't have as many men as they say they need. How many do they need? Somehow between 150,000 and 350,000. It's a debatable figure.

What age group would be drafted, if congress passed such a law? Mr. Truman didn't say. Congress would decide. Probably youths 18 to 26 or so. That's a guess. Veterans of World War II are not likely to be drafted.

Compulsory military training—

If congress passes such a law, no one can say now positively how it would work. Congress would decide. A lot of thought has been put into a compulsory military training law. Here's a little background on it.

A SPECIAL COMMITTEE of civilians—set up by Mr. Truman to study the problem—made a long investigation and recommended such a training law. That was last year.

Then the house armed service committee took it up, held long hearings, and finally okayed a compulsory military training bill. That bill has been bottled up in the rules committee. The full house hasn't had a chance to vote on it.

But there can't be any compulsory training bill unless the full house and senate approve. It's a long way from a vote in the senate. The senate armed services committee started hearings only yesterday.

That committee is starting from scratch, not using the house bill. So compulsory training seems to have a long road ahead in congress.

THIS IS WHAT THE house bill would do if it became law:

Youths 18 to 20 would be drafted for six months of military training under army and navy officers. They'd be trained in camps or on ships. But—they would not be a part of the armed forces.

After six months of such training they could do one of two things:

1. Go back to civilian life but continue military training—either at school, or in the National Guard at night, or in some other way.

2. Finish their required training enlisting in the armed forces.

But unless they so enlisted they could not be used in the armed forces, here or abroad, except in a national emergency, like war. Then it could be done only by special act of congress.

But through such military training a big pool of young men would be trained and held in reserve in case of emergency. About 900,000 would be trained a year. But—

WHY DID MR. TRUMAN call for a "temporary" draft and a compulsory military training law, too?

He said he wanted the "temporary" draft until the compulsory training could get started. Then he said the armed forces could keep up their strength through volunteers.

How could they in the future get enough men through volunteers if they can't get them now? Mr. Truman didn't say, but probably this is what he meant:

If there's a compulsory military training program, youths can skip it by volunteering directly for active service in the armed forces. Many probably would do that. Why?

Once they had served their time in the armed forces, they wouldn't have to go through compulsory training when they got back into civilian life.

Ice-Free Freighters Make Way to Ports

By The Associated Press

CLEVELAND, March 18—Shepherded through melting ice by two coast guard cutters, twelve freighters today slowly beat their way toward Lake Erie ports. The vessels were able to clear the previously ice-locked Buffalo harbor yesterday after the icebreaker Mackinaw and the smaller cutter Acacia opened up a channel. Their departure marked the earliest opening of the port in history.

Strike of Truckers Stifles Gas Supply

By The Associated Press

AKRON, O., March 18—A strike of 130 truck drivers today began to dry up gasoline and fuel oil supplies in three counties.

Frank Coleman, business agent of the AFL-Truck Drivers Local 348, said deliveries to 11 of 13 companies in Summit, Portage and part of Medina county had been halted. The Medina county area was described as from Medina southward.

Drivers for Standard Oil Co. and Sun Oil Co. are not unionized, but Coleman predicted they would honor picket lines.

Companies involved in the wage dispute which began yesterday are: Cities Service Co., Shell Oil Co., Socony Vacuum Co., Gulf Oil Co., Sinclair Oil Co., Pure Oil Co., Benzaco Oil Co., Factory Oil Co., Rross Independent Oil Co., Cotter Oil Co., and Marsh Oil Co.

Coleman said the 11 handled 70 per cent of the gasoline and fuel oil sold in the area. Oil for both automobile and furnace consumption was affected.

Objector Wants Civil Rights Revoked Again

By The Associated Press

CLEVELAND, March 18—Conscientious Objector Lee Donald Stern says he wants his civil rights revoked again.

"I want no privileges still denied to thousands of my brothers," he asserted.

President Truman recently included Stern in an amnesty restoring political and civil rights to certain draft law violators.

"Please reinstate me as an unpardoned ex-felon until such time as you can graciously acknowledge the fundamental right of all men to refuse to participate in mass murder," Stern wrote Mr. Truman yesterday.

Stern, who failed to report to a Coshocton, O., service camp in August of 1942, served four years in the federal penitentiary at Milan, Mich. He was released in January, 1946.

PARTY BOSSES BEAT HIM, SAYS LAUSCHE

By The Associated Press

SPRINGFIELD, O., March 18—Frank J. Lausche claims Democratic party bosses scuttled his chances of being reelected governor of Ohio in 1946.

Lausche, a long-time opponent of what he describes as "commercial political bosses," made the charge last night at a meeting attended by seven of the nine Democratic county chairmen in the seventh district.

The former governor, seeking the 1948 nomination, asserted:

"If they (the bosses) had stood beside me and gone along with the desires of the people, we would have won despite the trend which was uprooting Democrats from office all over the nation."

After hearing Lausche, Reed Winegardner, former Fayette county Democratic chairman and candidate for attorney general, announced:

"I shall personally back whoever carries the party label in the autumn election, but I believe that should we choose Mr. Lausche, we will not have to worry about the outcome of the gubernatorial election."

Lausche and the man regarded as his principal rival for the 1948 nomination—Ray T. Miller of Cleveland—will appear on the same platform tonight in Hamilton.

REACTION ON SPEECH SPLIT

"Warmly Hailed" in Britain, But Reds Ignore or Blast Truman's Talk.

LONDON, March 18—Europe divided on familiar lines today in its reaction to President Truman's preparedness speech

Non-Communist newspapers—and officials who would talk—hailed it generally as a forthright statement in defense of freedom against Communism

Communist newspapers and radio stations for the most part took the line that it was threatening talk intended to create "war panic" But the eastern press gave it little space

Moscow broadcast a Tass dispatch from New York saying the President's speech "has evoked anxiety even among conservative American politicians" The Soviet news agency quoted Rep Dewey Short (R-Mo) as decrying "an atmosphere of hysteria," and Henry A Wallace as saying the speech was a "shameful call for world remobilization" The dispatch also carried adverse criticism from Reps Vito Marcantonio and Leo Isacson American Labor party members and Sen Glen Taylor (D-Idaho) Wallace's candidate for vice president

Called "Firebrand Talk"

Russian-controlled newspapers in Berlin characterized the address as "firebrand talk" and a "panic speech"

The bannerline of Vapaa Sana, Helsinki newspaper of Finland's Communist - dominated people's democratic party, said "Truman is loading the guns—calls for universal military training and threatens with direct action"

The Budapest Communist newspaper Szabadnet said

"The Truman speech is nothing but a cheap electioneering trick He wants to excite war panic to threaten the disappointed mass, thus creating a reactionary 'national unity' headed, naturally, by himself"

Paris' extreme leftist Franc-Tireru said "the men of the western bloc spoke the same language, in Washington and in Brussels the language of menace" The Brussels reference was to a five-nation defense pact signed there

The London foreign office said Britain "warmly welcomed" the President's speech, "in particular the emphasis on the essentially defensive character of the American policy"

Hope of World

Premier Themistokles Sophoulis of Greece, which has been getting United States military aid, said in Athens the address "constituted not only hope but assurance given all peoples of the world that their freedom and independence will be protected."

Czechoslovakia where the Communists took control last month, produced the first Communist criticism The Prague government radio said last night "there are other ways to preserve peace than to introduce universal military service"

Italy, where the Communists are campaigning for an election April 18 finds the speech very interesting, a spokesman for Christian Democratic Premier Alcide De Gasperi said He said the message held good news for Europe's democratic countries.

FIRE FATAL TO FOUR OF SIX IN FAMILY

By The Associated Press

CANTON, O, March 18—Four members of a family are dead and one other is in a critical condition in Mercy hospital from burns suffered today at 5 30 a m when fire destroyed their five-room frame home near Aultman in northern Stark county

The father, Earl Higgins Sr, 17 and a son, Charles Dennis Higgins, aged 18 months, died in their beds in the flaming home Another son, Earl Jr, and a daughter, Charlotte, died in Mercy hospital The mother, Mrs Frances Higgins 31, is in the hospital with extensive third-degree burns

A sixth member of the family, Michael, 2 escaped the fire He is in Aultman hospital here for treatment of an ailment

John Sanko whose home is 200 feet away from the Higigns dwelling told deputies he saw flames coming from the structure when he awoke at 5 30 a m Mrs Higgins was standing in the yard screaming "save the children" Sanko plunged into the flaming home and carried Charlotte and Earl Jr to safety The intense heat kept him from trying to save the others By the time the Greentown volunteer fire department arrived, the home was a mass of flames Chief Herbert C Kissinger of the Greentown fire department said the fire was caused by an overheated coal stove.

Nichols who is married and has three children lives at Orange road and route 23. He had been employed by the Great Lakes Greyhound Bus Co. in Columbus

MEAT SUPPLY DROPS; STRIKE PROBE PUSHED

By The Associated Press

CHICAGO March 18 — Meat supplies dwindled and price boosts in the retail markets appeared in prospect today as President Truman's new board of inquiry pushed its investigation of the nationwide meat strike

The government's fact-finding board, after a preliminary meeting yesterday, called a joint session of major packer and CIO union representatives today

Nathan P Feinsinger, one of the three college professors named to the board and appointed chairman, said they will attempt to expedite the report on the wage dispute to Mr Truman The report on the strike by 100,000 CIO meat packing workers is due April 1.

Meanwhile, as the strike against about 140 packing plants across the country entered its third day, shipment of animals to markets were about one-third as many as a week ago

Prices in the wholesale markets continued to rise as the work stoppage cut in half the nation's meat production.

In Chicago, the center of the packing industry and where more than 20 000 workers are on strike, retail meat prices have increased from one to five cents a pound since last weekend

A packing industry spokesman in Boston said meat prices would rise 15 cents a pound if the strike in four New England plants is not settled immediately.

The National Association of Retail Grocers said meat sales had increased from 20 to 60 per cent over a week ago in markets in many parts of the country.

Spinsters Held As Imprisoners Of 3 in Flea-Infested Shack

By The United Press

LOS ANGELES, March 18 — Two elderly spinsters were charged today with imprisoning and mistreating three persons in their dingy flea-ridden shack since childhood

Juvenile officers uncovered the story when they opened a trunk in the hovel and found 27-year-old Bessie Dinsmore crouching inside Police said she was only four feet tall.

"I always climb in the trunk when anyone comes," the girl said

Miss Dinsmore was one of three persons police found in the two-room shack of Maria Clavey, 60 and Josephine Vella, 52 Police said the other two persons allegedly imprisoned in the shack were John Joseph Wayne who weighed only 48 pounds despite his 12 years of age, and Mary Reichel, 8

Miss Clavey and Miss Vella denied the charges

All three of the alleged prisoners were thin and dirty They claimed the spinsters had fed them garbage Miss Clavey and Miss Vella denied the accusations

Refers to "Kindness"

"I'll never do another stroke of kindness," Miss Clavey said.

"She and Miss Vella claimed they took Miss Dinsmore and the two children from unwed mothers shortly after birth

Police went to the shack behind a Venice, Cal, restaurant yesterday to arrest the women on charges of mistreating the Wayne boy John was found wandering the streets last week He told police he had escaped from the spinsters after being starved, beaten and tied to a chair for "years" Miss Clavey claimed she was "protecting him from society" As they were about to leave with police, the spinsters suggested that officers look in the trunk They found Miss Dinsmore inside Miss Dinsmore told police that the Reichel girl had been taken to another home a few days ago Police said the Reichel girl could hardly walk and had difficultly talking

Officer Dolores Perkins said she counted two dogs, 30 caged birds [illegible] cats and six guinea pigs in the shack. Old clothes, debris and bags of trash littered the floor. All the children had fleas.

The spinsters said they took the children as infants, Miss Dinsmore in 1922, John in 1937 and Mary in 1941. They operated a home for deficient children until their license was revoked in 1940

Miss Clavey said she was a graduate nurse from Maryland. Miss Vella said she came here from New York City They were held under $3 500 bail pending preliminary hearing on charges of cruelty and false imprisonment.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

From where I sit... *by* Joe Marsh

How to Keep 'Em Down On the Farm

The other day Pete Swanson's nephew, Bud, allowed as how he was fed up with farm and country life... and was going to the city where there was a lot more opportunity and excitement.

Some folks might have tried to stop him. But not Pete. He even advanced Bud carfare for the trip ... figured that when he'd had a good look around, he'd come back where he belonged.

And what happened? After seven days of big-town bustle and excitement, Bud was back behind the wheel of a tractor, with color in his cheeks again. And he'd traded the night life of the city for a quiet glass of beer with Dad.

From where I sit, that's how it goes. Try to prevent some one from getting what he thinks he wants—and he'll go on wanting it. But give him his head, and he'll settle for the sensible thing—whether it's country life, or a temperate glass of beer!

DAVID RICE ATCHISON WAS PRESIDENT OF THE UNITED STATES

. . . and he slept through his term of office . . .

The inauguration day of Zachary Taylor as President fell on Sunday, March 4th, 1849 President Polk's term expired at the same time. However, Taylor did not take the oath of office until Monday, March 5th. Thus, David Rice Atchison, as President pro tempore of the Senate, became chief magistrate of the nation between the time of Polk's retirement and Taylor's inauguration . . . and he spent his term in restful slumber

Uncle Sam Seeks "Lost" Farm Hands

By The Associated Press

WASHINGTON, March 18 — Uncle Sam is looking for about 12,000 "lost" farm hands.

They were among more than 300,000 agricultural workers brought in from Mexico and the West Indies during the war and since to help meet a farm worker shortage.

Recruited under the direction of their respective governments, they were given permits to enter this country for only a specified period of time, and they were supposed to return to their respective countries after the harvesting season.

So far neither the agriculture department nor the immigration service has been able to find the 12,000. Most of those missing are from Mexico.

"Call To War" Seen In Truman Speech

By The Associated Press

CLEVELAND, March 18—Henry A. Wallace's Ohio following will be doubled in a "few weeks" because of President Truman's emergency message to congress, says Calvin S. Hall, Ohio chairman of Wallace's presidential campaign.

Hall last night described Mr. Truman's message as "a call to war which is the inevitable climax to his foreign policy."

presidential candidate, indicated he may fight the draft, as well as the UMT proposal which he long has opposed.

Taft said he regretted that Mr Truman had not pressed for "real unification of the armed forces" and for the world's biggest air force.

Democrats promptly praised the President's 15-minute outline of world affairs.

But the group of Republican house members jumped on it with both feet.

In Salem, Ore., Maj. Gen. Lewis B. Hershey, national selective service director, said the nation could start drafting men within 45 to 60 days after congress passes such a law. It could be done even more quickly, he added, "if we had an emergency."

Only 1,200,000 men—those who have become 18 years old since last April 1—would have to register Hershey said, because records are already on hand for others who might be eligible.

THREE WOUNDED IN PATROL WAGON FIGHT

By The Associated Press

CLEVELAND, March 18—A patrolman and two men being taken to a police station were wounded last night in an exchange of shots in a patrolwagon.

Patrolman Nelson Belcher,40, the driver, was hit in the hip, police said by one of several shots fired by Joseph Giordano, 32, a fugitive from the Mahoning county jail.

Giordano was wounded in the arm and William Nichols, 24, in the leg, when Patrolman Julius M. Murer, 42, returned the fire.

Murer said the two were arrested on suspicion of breaking into a West Side automobile agency. On their way to the station, Giordano pulled out a pistol police had failed to detect and began shooting at the officers, he added.

Murer said Giordano escaped from the Mahoning county jail last summer while awaiting sentence after conviction as an habitual criminal.

SHANGHAI, March 18—Chinese pirate raids on lonely lighthouses today were reported endangering shipping in China seas.

Scouter-ree Planned By District Committee

At a meeting of the Marion district committee, Boy Scouts, Tuesday night in the Scout office, plans were made to adopt the new requirements set up by the National Scout office for tenderfoot, second class and first class ranks. The purpose for realigning the requirements is to promote Scout ideals and Scout participation in Scout crafts, religion and religious training, character building and citizenship training.

Plans were also made for the first session of a Scouter-ree to be held the weekend of April 16-17-18 at Boy Scout Camp Owens. Sponsored by the camping and activities committee of the district headed by J. Kenneth Staats, the Scouter-ree will be for all Scoutmasters and assistants, troop committeemen, senior patrol leaders and district personnel. Members of other districts are invited to attend. The second session of the Scouter-ree will be May 2-3-4. Approximately 100 men are expected to take part in the activities of the Scouter-ree.

One new member, Eric Mayes, troop committee member of Troop 9, sponsored by the Lee Street Presbyterian church, was introduced. Prayer was given by Charles Smith, district commissioner, and group singing of Cub songs was led by Herman Powelson.

Pastors and Families Meet at Mt. Zion Church

A union meeting of ministers and their families of the Northwest ministerium, formerly Evangelical denomination, and of the Marion district, formerly United Brethren, was held Monday at the Mt. Zion church of the Oceola Evangelical United Brethren charge. This was one of a series of "friendship get-togethers" planned to help the two groups to become better acquainted. Devotions were conducted by Rev. A. E. McVey of the Bucyrus rural charge. Rev. Clayton Strawser, host pastor, presided. A paper on "Our Christian Faith" was presented by Rev. Mahlon Wenger of Bucyrus, and Rev. and Mrs. R. W. Faulkner of Marion and Rev. and Mrs. T. H. Weisenborn of Sycamore sang duets. Dinner was served by women of the host church. Plans were made for another meeting in June. Others from Marion present, besides Rev. and Mrs. Faulkner of Calvary church were Rev. and Mrs. D. H. Hochstettler of First church, Rev. and Mrs. R. L. Sutherland of Greenwood church, Rev. and Mrs. W. B. Smith of the rural Salem church, and Rev. H. V. Falor of Oakland church.

Average Life Span In Wyandot Co. 71 Years

Special to The Star

UPPER SANDUSKY, March 18—The average life span of residents of Wyandot county has now reached 71 years, said Health Commissioner Dr. L. W. Dr. Naus told council members of progress made in the last decade in combating epidemics and other threats to the general health.

STEEL EXECUTIVE DIES

By The Associated Press

NEW YORK, March 18—Harry L. Rownd, 80, retired Youngstown steel executive, died in a hospital today of pneumonia. A native of Zanesville, O., he served as first vice president of the Republic Iron & Steel Co. in Youngstown, but retired before the firm became the Republic Steel Corp. He was a son of Robert M. Rownd, 103 of Ripley, N. Y., former national commander of the Grand Army of the Republic.

In 1941 each American on the average smoked 1,500 cigarets.

Coal Strike Holds Up Bucyrus Rail Shops

Special to The Star

BUCYRUS, March 18 — The miners walkout is reflected in railroad operations here, New York Central Trainmaster W. N. Clark said, today. Continuation of the strike will affect 70 brakemen and firemen and 35 local yards and shop workers. No layoffs are anticipated for two weeks, Clark said.

Bucyrus faces the coal miners' walkout with an estimated 800 tons of coal as a "several days" supply by local dealers. An additional 200 tons are enroute, dealers reported.

ERROR IN NAME

New Officers Elected By Oak Street P.-T.A.

Election of officers for the new year was held at a meeting of the Oak Street P.-T. A. Tuesday night at the school. Mrs. Charles Keck was elected president, Mrs. Don Hentze, first vice president, Mrs. Russell Young, second vice president, Mrs. Faye Snyder, secretary, and Mrs. Arthur Erwin, treasurer.

Lester L. Dickey, superintendent of Marion City schools, was guest speaker. Music in keeping with St. Patrick's day and Easter was presented by the Northside Mothersingers. A trumpet solo was played by Leslie Irey, and Miss Mary Catherine Jobe presented a piano solo.

Mrs. Keck, council representative, gave a report of the last council meeting, and Miss Catherine Thew, a teacher at Oakland Heights school, spoke on a petition for state permanent school foundation being sponsored by the Ohio Federation of Teachers. The second grade, taught by Mrs. Hentze, won the attendance award.

The social hour was in charge of Mrs. Raymond Gallimore, room mother for Miss Geneva Terry's third grade.

Green Camp Classes Sponsor Minstrels

Special to The Star

GREEN CAMP, March 18—The junior and senior classes of Green Camp High school are sponsoring a minstrel show to be presented Friday and Saturday of this week at 8 p. m. in the township hall. George Schertzer will be the interlocutor and end men will be George Reynolds, Wayne Bloker, Jack Dennison, Norman Roettger, Joseph Ward and Milton Ruth. Special musical numbers will include "Sonny Boy," "Alexander's Rag Time Band," "Old Man River," "Swing Low, Sweet Chariot," "Short'nin' Bread," and many others. Norman Roettger Jr. plays the piano accompaniment. Mrs. Clifford C. Smith is directing the minstrel.

Added attractions will be Rev. F. Melvin Wentz with his many magic tricks, and also the Gold Dust Twins played by Dr. and Mrs. Walter McClaskey.

Proceeds from the entertainment will be used by the classes to help finance their New York-Washington trip this spring.

Holy Week Services Arranged at Morral

Union Holy week services will be held at the Morral Methodist and Baptist churches beginning Monday night, with Rev. J. William Myers and Rev. C. R. Albin, pastors, in charge. Rev. Albin came recently as new pastor of the Morral and Grand Prairie Baptist churches, having served formerly in Wisconsin. He is a graduate of the Northern Baptist seminary.

On Palm Sunday and Easter the two local congregations will hold services separately, but the Holy week services will be held alternately in the two churches, with pastors exchanging alternately. The schedule includes Monday, Baptist church, Rev. Myers preaching on "Miracles;" Tuesday, Methodist church, Rev. Albin, "Temptation;" Wednesday, Baptist, Rev. Myers, "Suffering;" Thursday, Methodist, Rev. Albin, "Death;" and Good Friday afternoon, 1 o'clock until 3, Baptist, Rev. Myers and Rev. Albin, "The Seven Words from the Cross." General theme of the meetings will be "Christ and the Christian." With the exception of Friday, services will be at 8 p. m.

ENGINEERS FILE SUIT IN DELAWARE COUNTY

Act To Obtain Restrainer Against Practitioner There.

The Marion chapter of the Ohio Society of Professional Engineers is backing a suit filed today in Delaware county common pleas court seeking to enjoin Henry Turner of Delaware from practicing engineering and surveying and from representing himself as qualified to render these services.

Perry C. Hall of the local chapter said financing the suit is the chapter's contribution to the general program of the society to stop unauthorized practices of professional engineering and surveying.

The suit was filed by E. L. Luaces of Dayton, chairman of the grievance and ethics committee of the Ohio Society. It is the seventh injunction suit filed by the society to enforce the rule requiring state examination and registration of professional engineers.

Laws of Ohio limit such practice to those who have qualified by training and experience and have been admitted to practice by the state board of registration for professional engineers and surveyors. More than 15,000 registrants have been admitted to practice since the law became effective in 1933.

The Marion chapter of the Ohio society comprises Marion, Morrow, Delaware and Union counties.

REQUEST PARKING METERS

CRESTLINE, March 18 — Old parking meters are all removed and new ones now all in service, it was reported to city council Monday. Miss Marie Schill noted that several businessmen who do not have meters at their places have requested they be installed. Police are to make a survey as to the number needed.

DANCE HALL CAVES IN, ONE DEAD, 100 HURT

By The Associated Press

CHICAGO, March 18 — One woman was killed and more than 100 persons were injured last night when a section of a third-floor dance hall collapsed under the weight of about 500 persons attending a St. Patrick's day celebration.

Twelve of the 92 persons who were treated at six hospitals were reported in from serious to critical condition. Several other persons were given first aid treatment at the scene.

The dance and party, attended by men, women and children, was in the top floor of a three-story brick building on North Clark street near the busy intersection of Clark street and Belmont avenue. It was sponsored by the Connaught Men's Social club.

The dead woman, who was removed from under the wreckage three hours after the floor caved in, was identified as Mrs. Ann Hunt, 35, mother of four children. Two of her children who were with her at the party and dance were not injured. Her body was identified by her husband, John, 38, an electrician.

Hundreds of the merrymakers were walking off the floor at the end of a dance number when a large section of the floor collapsed. Scores were hurtled headlong to the second floor. As the floor settled, parts of the false roof caved in.

Dr. Werner To Speak At Epworth Services

Arrangements have been made by Epworth Methodist church to bring to Marion Dr Hazen G. Werner of Drew theological seminary, Madison, N J., next week. He will conduct Holy week services at the church, beginning Palm Sunday, and will be heard by various organizations of the city during the week.

At the morning worship service of Epworth church Sunday, he will be the guest speaker, using as his topic "Tragedy and Triumph."

He will speak again Sunday night and every night at 8 o'clock, Monday through Thursday. "Is the Rosebush Dead?" will be the subject of his sermon Sunday night. "It May Be," "The Road Is Better Than the Inn," "What One Man Can Do," and "He Found It In a Tear" are the titles of the remaining talks.

Lecturer and author of "And We Are Whole Again," Dr. Werner has been granted the doctor of divinity degree by Ohio Wesleyan university, Delaware, and Albion college, Albion, Mich.

While pastor at the down-town Cass Avenue Methodist church, at Detroit, Mich., Dr Werner was noted for his work in developing a clinic for dealing with problems of personality and domestic disorders.

Chapter Night Program Held by Moose Group

Officers of the Women of the Moose held a chapter night program at a meeting Tuesday night in the Moose hall.

They presented a play, "The Toonerville Trolley," which was written by Mrs. Priscilla Connell, sentinel. Other numbers included two accordion selections by Darlene Haycook, and two vocal solos by Miss Rebecca Weaver.

Decorations were in keeping with St. Patrick's Day. The committee in charge was composed of Mrs. Carolyn Ulsh and Mrs. Florene Debolt.

Officers are Mrs. Mildred Pickerel, senior regent, Mrs. Helen Morgan, junior graduate regent, Mrs. Ulsh, junior regent, Mrs. Debolt, chaplain, Mrs. Ruth Weaver, guide, Mrs. Dorothy Pruzzo, assistant guide, Mrs. Florence Hamilton, pianist, Mrs. Delsa Baker, recorder, Mrs. Lucille Edington, treasurer, Mrs. Connell, sentinel, and Mrs. Linnia Lattrell, Argus.

One candidate was initiated and an announcement was made of a meeting of officers and committee chairmen to be held March 30 with Mrs. Mabel Barr of 288 Silver street.

1850 Model Sewing Machine Added To Wyandot Museum

Special to The Star

UPPER SANDUSKY, March 18—A recent addition to the exhibits in the Wyandot National museum, first floor of the courthouse here is a Florence sewing machine made in 1850 and still in good working order. The machine was given to the museum by the estate of the late Myer Holtz of Napoleon, O.

A featured relic there is a powder horn lost by Daniel Boone on Battle Island near here, on his final trip to Upper Sandusky in 1776. The largest single piece is a Stanley Steamer, built in 1895, and the oldest item is a Japanese maiming ring used more than 2000 years ago.

Most valuable of the many and varied articles on display is a German Bible, original translation by Martin Luther, printed in Zurich in 1527. It is the centerpiece of a glass case filled with rare editions of the Scriptures. The Luther translation is one of only three copies that exist. The second is in the Smithsonian Institute, the third still in Switzerland. The book is considered priceless. This Bible was an item of a personal collection of relics contributed by one of its founders, the late Dr. F. H Lang, curator from the opening of the unique museum in January 1929 until his death in 1934.

Possession A Mystery

Dr. Lang, who practiced for many years in Tiffin, moved here a few months before the founding of the museum. He was a lifelong collector and helped to organize the Wyandot County Historical society to preserve Indian lore and pioneer days. Dr. Lang obtained the Bible while he was in Europe. He never did tell just where or how he obtained possession of it. His stock answer to inquiry was "Well it's here anyhow."

Upper Sandusky members of the founders group who are active in museum work are Harry Kinley, Wyandot county historian and secretary of the historical society; Charles Artz, president, and Ira Sterner, treasurer. Mrs. James A. Smith is curator.

Unique articles are a jewel case made from Mount Vesuvius lava; a section of rail from Mad river railroad, first in Ohio; a high hat worn at George Washington's inauguration; the first O'Riley telegraph; the first talking machine; the first Chicago typewriter, and mounted Siamese twin calves born nearly 20 years ago near here. The entryway to the museum is lined with historical paintings, two of which formerly hung in the capitol at Columbus. They are "Old Mission" and the "Burning of Crawford" painted by F. H. Habedel of Upper Sandusky.

President Harding's Horn

Another wall is lined with cases containing the equipment and arms of U. S. soldiers used in each of the several wars. Nearby is hung the war club of Leatherlips, a chief of the Wyandot Indians. The saddle bags used by John Stewart on his wilderness ride from Marietta to Upper Sandusky to establish the first Indian mission in the Northwest territory are on display, also a tracing of the history of light from pine knots to modern fixtures. There is a four by six-inch mail order catalog issued in 1876. Curios distinguished by fine workmanship of engraved decorations are a walrus tusk from the Arctic and a large silver platter used on the battle ship Maine. The section devoted to musical instruments includes a horn used by President Warren G. Harding of Marion. The register by the exit door has been signed by visitors from every state in the Union and from many foreign countries, including the Gold coast of West Africa.

NEURALGIA

Nothing is more quickly effective for the relief of neuralgia and headache than Liquid Capudine. Also soothes upset nerves due to the pain. Use only as directed.

Liquid CAPUDINE

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Letters Awarded To St. Mary Athletes at Annual Dinner

By BILL DIEM

Marion Star Sports Editor

The St. Mary High school football and basketball teams, managers, cheerleaders, and coaches were honored at the annual St. Patrick's day banquet and dance at the Harding Hotel last night.

Twenty-seven of the Fighting Irish received letters for their work this year—several of them in both football and basketball.

The eight basketball lettermen, captained by Dick Schuler, also received gold basketballs for earning a co-championship in the Mid-State league. The football players received gold footballs earlier in the season for winning the undisputed football championship of the league.

St. Mary Coach Gene Fetter, who led the Irish to seven wins against two losses on the gridiron and to a 20-5 basketball record, was called "one of the finest coaches ever to lead athletics at St. Mary" by Very Rev. Father William J. Spickerman, V.F., and was presented a gift from his teams as were assistant football coaches Martin Lewis and Forest Sharrock.

Football Letters

Football players receiving the big green "M" were Captain Joe Maniaci, Dick Schuler, Jim Moloney, John Granger, Dan Smith, Dick Werley, Tom Wagner, Ed Murphy, John Baldauf, Bob Stuber, Bob Cusick, Kevin Krigbaum, Paul Cusick, Ed Moloney, Bill Merchant, Nick Maniaci, and Jim MacDonald.

Basketball lettermen included Dick Schuler, Jim Moloney, Joe Maniaci, Dan Smith, John Baldauf, Bob Stuber, Dick Drake, and Bob Cusick.

Football managers Jim Stahl, Walter Anderson, Ted Kelleher and Dick Barnhart and basketball managers John Sheehe and Charles Anderson all received letters.

Three girls of the St. Mary cheering staff were awarded M's—Marilyn Vance, Betty Terzo and Katherine Bowman.

During the banquet Ed Walters led the singing of Irish songs and afterwards Joyce Daum sang a medley of Irish songs. The senior boys also sang several numbers including the Irish fight song.

Father Spickerman Speaks

Principal speaker was Very Rev. Father William J. Spickerman, V.F., who presented the history of St. Patrick as a model for youth to follow.

Toastmaster for the occasion was Walter Kraft.

The football team presented a clever skit to wind up the banquet program.

During an intermission in the dance which followed the dinner, Marilyn and Martha McGinnis danced an Irish jig. Both girls are cheerleaders.

The banquet blessing was given by Rev. Hugh Murphy and the benediction read by Rev. Leo Benedetti, both assistant pastors new to the parish.

ECLIPSE FAVORITE MEETS

Members of Eclipse Favorite No. 40, Ladies' Auxiliary to the Brotherhood of Locomotive Firemen, entertained their husbands at a potluck supper Wednesday night in the I. O. O. F. hall. About 50 persons were present and decorations were in keeping with St. Patrick's day. A contest prize was won by Mrs. Dorothy Williams, and a white elephant sale was conducted by Mrs. Mary Jones. The committee in charge of arrangements for the supper was composed of Mrs. Helen Bonecutter, Mrs. Dorothy Campbell and Mrs. Alma Bonnette.

CONCERN GETS U.S. CONTRACT

To Move 31,000 Drums of War Bomb Material for Army.

The Marion Contracting Corp 320 Franklin street, have just been awarded a $262,484 contract by the Army Chemical Warfare service, Ernest L Davis president of the corporation announced today

The contract calls for the removal of 31,000 640-pound drums of 'goop', asphalt magnesium paste used as filler for jellied gasoline bombs from Huntsville Ala, to Pine Bluff Ark.

Mr Davis will leave Marion Saturday for Pine Bluff where he will set up six production lines which will prepare the drums for storage as a war reserve Preparation for storage require the drums be regasketed sandblasted red leaded and painted with a preservative paint Davis is an acknowledged expert in this field as he directed the direction of 26,000 drums of the same material at the Scioto Ordnance plant

Col J M Silkman former Army engineering officer will be field manager of the operation The drums will be moved almost entirely by barges and towboats during the operation They will be placed aboard barges on the Tennessee river in Alabama then towed through the Tennessee, Ohio, and Mississippi river to Memphis where they will be placed on trucks for the remainder of the journey Labor for the operations will be recruited at the sites in Huntsville and Pine Bluff

All details of the operation will be directed from Marion by Davis assisted by Jack Manix and Lewis Bremkamp vice presidents of the corporation Manix and Bremkamp were associated with Davis during the war when all three were Army engineer officers for the New York Port of Embarkation Davis was a lieutenant colonel Bremkamp a major, and Manix a captain

The assembling of equipment for the contract will start immediately with the actual operations beginning April first The job is expected to take five months to complete Davis said

Land Tract Provides Galion Subdivision

Special to The Star

GALION, March 18 — Galion showed further "growing pains" today: a blueprint of the proposed Switzer allotment in the north section was presented to city council Tuesday night. Kenneth M. Petri, attorney, said the tract of land owned by Dr. Malcolm Switzer, in the north end, would provide a public thoroughfare to be known as the Switzer drive, and would net at least 24 lots of not less than 90x146 feet each.

IN STATE LEGION FINALS

BUCYRUS, March 18 — An essay submitted by Richard A. Bumstead will be entered in the state finals in the essay contest sponsored by the Ohio American Legion. Bumstead's essay was adjudged the best submitted by a junior boy in District Five. Bumstead is a junior in Bucyrus High school.

DAILY LENTEN MEDITATION

CHRIST in You, ✝ THE HOPE of Glory

* * *

THE FORGIVING CHRIST ON THE CROSS

Luke: 23-34: "Father, forgive them, for they know not what they do."

IN THE Lenten season it is well for us to think of the forgiving Christ on the cross. As human beings, we are all imperfect. Jesus knew that very well. It is for this reason that Christ taught His disciples to forgive each other. In the Lord's Prayer He teaches them and us to pray, "Forgive us our trespasses as we forgive those who trespass against us." If we want God to forgive us, we must forgive each other in our home life, and in our social and political relations at home and abroad.

Our motive for forgiving each other is the death of Christ on the cross. He died for us that we might be forgiven, that we might be reconciled with God and with each other. Let us practice the Christian grace of forgiveness, not only during Lent, but every day of our lives.

REV. MILTON LASHLEY,
Local Preacher, A. M. E. Church

(This is one of a Lenten season series of devotional messages prepared for publication in The Star under sponsorship of the Marion County Ministerial association.)

Trustees and Clerks To Hear Judge, Mayor

Judge Edward J. Ruzzo of the Marion county probate and juvenile courts and Mayor Harry L. Dowler will be speakers tomorrow night at a Marion county township trustees and clerks association meeting at Pleasant township school.

Officials of Marion, Pleasant, Green Camp, Prospect and Waldo townships are hosts for the event scheduled for 7:30 p. m. Wives of members and associate members and county officials are to be guests, according to Chairman Orla E. Barks of Marion township.

Subject of Judge Ruzzo's talk will be "Juvenile Delinquency" illustrated by movies. Mayor Dowler will discuss possible plans of action to secure increased hospital facilities for Marion and Marion county.

MRS. HEDGES HOSTESS TO JESSIE BUCKLEY CLASS

Mrs. Robert Hedges of Wildwood court was hostess when the Jessie Buckley class of Central Christian church met Tuesday. Mrs. Avis Clark was in charge of the worship service. She also read the story of "Old Cedar Tree." Mrs. Hedges, vice president, was in charge of the meeting.

Mrs. Frank Harold, chairman of the ways and means committee, reported on plans for a rummage sale April 16, and it was voted to contribute $20 to the Easter offering and also present a plant for the memorial church service in remembrance of Mrs. Jessie Buckley, teacher of the class for many years. Gifts or flowers will be sent to shut-ins for Easter. Mrs. Harry Snyder was welcomed as a new member.

A contest award went to Mrs. J. G. Cunningham. Presiding at the table for refreshments were Mrs. Elmer L. Weimer and Mrs. E. J. Hollandshead. For the centerpiece the hostess chose an arrangements of spring flowers and pussywillows, and lighted tapers in crystal holders. Guests were Mrs. Mack Francis and Miss Barbara Walters. Assisting the hostess were Mrs. Dolly Tibbals and Misses Pearl and Jennie Eberhart.

"The Rock" To Be Played at Martel

Special to The Star

IBERIA, March 18—Members of Iberia - Martel Methodist charges plan to attend Mary Hamlin's religious drama "The Rock," a royalty play in three acts to be presented March 22 in Martel auditorium by college students and other young people.

Rev. Arthur Bosler, pastor of Kirkpatrick and Claridon charges, Rev. S. E. Ketsel, Caledonia, and Rev. C. H. Edgar have announced its sponsorship by the Christian Youth Fellowship of eastern Marion county. A silver offering will be taken. A large audience is expected as the drama is to be presented on the first night of Holy Week. Scenes are laid in the courtyard of Capernaum and on a Bethany house top the night of the crucification.

PLAY REHEARSAL TONIGHT

Second rehearsal for the Marion Theater Guild's one-act comedy, "What Became of Kate?" will be held tonight at 7 o'clock in the varsity room at the Y.M.C.A. It is being directed by Bob Slatzer, assisted by Miss Ruth Vail. This play, along with another one-act play, "The Bride Wore Red Pajamas," are to be presented next week before Guild members only. A major opening production is now being considered and will be announced in the near future.

Roving Reports

By Hal Boyle

WASHINGTON

MANPOWER wouldn't be the biggest initial problem of the small American army if a showdown with Soviet Russia flamed into a third world war soon.

"Our biggest shortage isn't in men—it's in equipment," said one veteran officer.

Less than three years ago the United States had the best-equipped armies in history in the field in both Europe and the Pacific. Her combat troops were numbered in millions.

Hal Boyle

Today the Army still has some 550,000 men. But less than one-fifth of these are in anything approaching real combat condition. The rest are engaged in occupation duties, port work, warehouse guard duty—all the tasks it takes to keep the framework of a peacetime army intact.

As an emergency striking force the Army could throw into immediate ground battle only about two divisions in Europe, one in America and three to four in Asia.

But if war came tomorrow couldn't millions of trained ex-servicemen leap to arms and restore almost overnight America's lost combat strength?

That is the belief of the average civilian, ignorant of the time and immense work needed to build modern ground armies. It is a source of great worry to professional soldiers upon whom the organization of the nation's defenses rests.

"MILLIONS of MEN might leap up," one officer said wryly, "but they wouldn't leap to arms."

The reason? The arms aren't there any more. The tremendous military surpluses of three years ago are gone. The great stockpiles of weapons, supplies and equipment have been sold, broken up or donated to the armies of Greece, Turkey, China and other countries.

Today the vast arsenal of democracy has in mothball reserve enough leftover equipment to outfit only a comparatively few ground divisions.

"Our big problem again would be—not manpower—but the conversion of our industry to a wartime footing," said a man who helped plan the operations of World War Two. He estimated it would take from one to two years to "put us even in as good shape again as we were the day of the Pearl Harbor attack."

This, of course, is no secret to Russian military experts. They know the tremendous power of the American industrial colossus—but they know also the months and perhaps years it takes to gear it up to the point it can pour out decisive floods of weapons of all kinds.

ADOLF HITLER knew it, too, gambled anyway—and lost. But the Russians may figure they are in a better comparable position to make the same gamble—and win.

Some military experts here believe the Soviet ground armies could sweep over western Europe in six weeks to two months. That would put them in position to try to neutralize British production by guided missile bombardment from across the channel.

If they succeeded, the main industrial effort again would fall on America—and some military men foresee, in that case, a prolonged world struggle, perhaps lasting 10 years, unless the atom bomb shortened it.

That's a dismal picture. But professional soldiers have to take the long view and prepare for the worst. That is why they hope the Russians will work for peace through the United Nations rather than embark on a catastrophic adventure in conquest.

Births Far Outnumber Deaths in Marion Co.

The stork outpointed the grim reaper by a score of two and one-third to one during February as 103 births were recorded against 44 deaths for the month.

As usual figures for the city of Marion far outstripped county figures because of the City hospital location. Ninety-eight persons were born inside Marion as compared with five births in the county outside the city limits. For the same reason more persons died in the city, 36, against 8 for the county. Births in February showed an increase of four over January with deaths increasing by only one, according to figures released today by Dr. N. Siffritt, county health commissioner and Miss Mary Ellen Kerr of the city health office.

CHURCH FUND GROWS

BUCYRUS — To replace the church destroyed by fire last November, St. Paul's Lutheran church at North Robinson has already established a fund of $10,000 in cash and pledges with which to start rebuilding. The amount already pledged represents approximately 40 per cent of the amount needed for construction.

Your Good Health

The Toxic Goiter Patient

e few fields in which is made better progress the treatment of toxic goiter. Evidence of the success with which this ailment can be handled today is found in the fact that during the year 1946, deaths from this cause were reduced by 40 per cent. (Met. Life Bull., Nov., 1947.)

Toxic goiter usually has an abrupt beginning and, within a short time, most of the symptoms—rapid heart beat, loss of weight, excessive sweating—all full-blown. When the patient holds out his hand, there is a slight trembling and in some cases, there are certain mental changes. The affected person becomes irritable and difficult to get along with. In addition to the typical symptoms mentioned above, there may be attacks of diarrhea. All of these things can be present even though the thyroid gland is only slightly or moderately enlarged.

This condition is also called exophthalmic goiter because the eyeballs may bulge or protrude. Another eye sign is the lagging of the lid when the patient looks downward.

If there is some question as to whether or not toxic goiter is present, a basal metabolism test should be made. In any event, this test will help to tell how severe the disorder is.

This test is carried out by having the patient breathe through a mask connected to a tank and measuring the amount of oxygen used up within a given period of time. In toxic goiter, the basal metabolism rate is increased.

A formula has been suggested for calculating the metabolic rate without carrying out the test. This is done by taking 7/10 of the pulse rate and adding it to 9/10 of the pulse pressure and subtracting 75. The pulse pressure is the difference between the systolic blood pressure and the diastolic pressure. The systolic is the pressure when the heart contracts, and the diastolic when the heart rate lessens. Of course, this method does not give the exact metabolism, but it does give some indication of the rate.

Insofar as treatment of toxic goiter is concerned, one of the most important things is rest. In fact many mild cases are greatly improved with rest alone. In addition, iodine, given in the proper doses will bring about improvement.

It is unlikely that such treatment will result in permanent cure in moderate or severe cases, but there is usually sufficient improvement to make operation safer, a required procedure in most instances of moderate or severe toxic goiter. A drug recently introduced, known as thiouracil may also be used prior to operation to lessen the severity of the symptoms and thus prevent many of the dangers of the operative procedures.

Now and then, X-ray treatment of the thyroid gland may also be used successfully.

The exact cause of toxic goiter is not known. Should symptoms of this condition develop, immediate treatment by the physician is, of course, necessary.

Questions and Answers

H. S.: I have pains in the back of my head. When I lie down I get dizzy spells. What could cause this condition?

Answer: There is a variety of causes for a disorder of this type. It might be due to some condition affecting the upper part of the spine; to a disorder of the nervous system, or to some type of infection. You are in need of a thorough study by your physician.

Love's Perilous Path

By ADELE GARRISON

THIS round definitely belonged to Georges, I told myself, and had lost all desire to smile even secretly. I felt that I knew the emotions of a pugilist expecting victory, who receives a sudden staggering blow.

But I was not completely beaten. With the sensation of staggering upward, trying to keep erect while I caught my breath, I tried to look at Georges with leveled coldness as I pulled myself together sufficiently for speech.

"I concede your point, Georges," I said at last. "Mary is a great actress. But your deduction does not follow. Remember, I trained her for her first performance. I know every natural action of hers, and every histrionic one, as I do my own. And I can assure you that Mary was highly amused that night, after she recovered from her anger at your presumption. There was no frustrated love for you anywhere in her system."

I told myself again that the royal playboy himself was a natural Thespian. Now that the first flush of his anger had died down, he was able to put on a most convincing expression of extreme dolor.

"I wish I could believe you," he said. "Nothing could make me happier. I cannot imagine life without Olina. But I have no choice. Unless Mary tells me all this with her own lips, and convinces me that what you have been saying is true, I must 'dree my weird'."

Laughter and anger were struggling within me as he finished. How I longed to tell him the thing which would deflate him completely, that Mary intended to tell Noel about the letters Georges had written to her at the sanitarium, and let Noel deal with him. The slight detail that Mary and I had agreed Noel should not be told of the letters until some time in the future, did not stay my tongue—I was beyond all quibbling in this really desperate emergency — I could imagine Olina's face should she arrive at the farmhouse, ready for her wedding, and find her betrothed husband in this ridiculous, quixotic mood.

But Dicky's very definite injunction that I tell Georges nothing beyond the fact that I knew about the sanitarium letters, was something I could not disobey. But how I wished some miracle would waft him to my side. We had known only that Georges wished to get some written record that Mary had forgiven him for his trying to kiss her forcibly at their last parting. We had had no notion of this almost macabre angle.

Dicky was over one hundred miles away, however, and the deflation he had promised Mary to give to Georges, would not take place until after Olina's coming to the farmohuse with the camouflaged house party which my father had planned.

I made one last desperate effort, knew that it would be a futile one, even as I knew, by another glance at my wrist watch that I had less than a minute for further talk.

"The trouble with you, Georges." I said in a casual, conversational tone, "is that you are a consummate egoist, besides being what we call in this country a dog-in-the-manger. You talk of frustrated emotions; Either you are in love with Mary instead of with Olina, and after the performance you have put on just now, I do not believe you have the slightest conception of what real love is, or you have cherished for so long a resentment against Mary for that slap she gave you, that the only way you can restore your ego is by elvoving this most absurd theory that she is in love with you, and not with her husband."

"But," I made my voice icy, "you may have the right to think any thoughts you please, but you do not have the right to ask Mary to see you if she does not wish to do so, and you certainly—if you have any royal tradition left in your system—do not have the right to humiliate Olina by letting her have even the slightest hint of what you just have told me.

"She is so happy," I finished, "so wrapped up in the plans for her coming marriage. She has asked Faith to be her little flower girl, and Mary to be her matron of honor."

"Mary to attend Olina at her wedding!" George gasped. "What did Mary say to that?"

"She consented most joyously," I said, "and when I last saw them they were deep in wedding plans."

"This is unbelievable," he said, stubbornly, and feeling that I was at the nadir of my courage, I started for the door at Mr. "K.'s" signaling knock, and the turning of the key with which he had locked us in. But when I threw open the door, I almost swooned against it, for grinning delightedly at my amazement, was Dicky, my husband.

Dr. Crawford Speaks Before Bible Class

For a meeting of the Wednesday Noon Bible class at the Y.M.C.A. Dr. Benjamin F. Crawford of North Lewisburg spoke on "Has the Church Capitulated to Secularism?" In regard to this question he dealt with three others, "What is secularism?" "How did we get that way?" and "What are the effects of this state of mind?" He stated that "In the minds of many people the first question is just a big blur. It is denial of the supernatural.

"There is always contrast between the sacred and the secular, or the philosophy of materialism. importance of things rather than ideals. It is a common state of mind, a fixed idea. Ralph Waldo Emerson said, 'Things are in the saddle and ride mankind.' People have lost sight of the Great Eternal. Secularism has had a long history. Centuries ago there was nomination, then the scientific movement, followed by the economic interpretation of history in which men fail to see life in its fullness. Effect of this is that men soon have no place for God and the higher values of life."

Frank Gegenheimer presided. It was announced that next week the speaker will be Dr. Hazen Werner of Drew theological seminary at Madison, N. J.

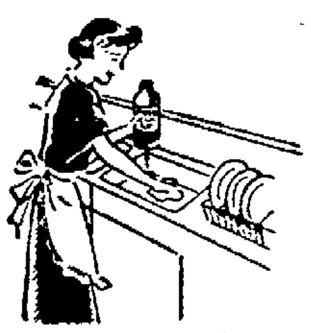
ROMAN CLEANSER whitens clothes Safely
YOUR NEIGHBORS HAVE USED 185,000,000 BOTTLES OF ROMAN CLEANSER
You'll like it, too!
When thousands of women buy a product week after week, you can be sure they like it better than anything else—you can be sure you'll like it, too. Roman Cleanser is a favorite washing aid because it makes clothes *snowy-white* and saves the work and wear of extra rubbing. It also removes many stubborn stains.

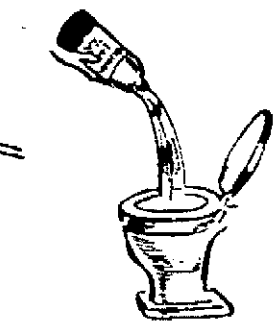
An added advantage of Roman Cleanser is that it disinfects, makes clothes sanitary as well as *snowy-white*. Careful mothers always disinfect baby's bibs, diapers, undergarments—also bed linens, handkerchiefs, towels. Easy disinfecting directions on label.

SAVE WORK & WEAR of extra rubbing. Add to suds or rinse. For automatic washer see the label directions.

DISH CLOTHS should be kept sanitary and fresh. Disinfecting directions on label.



STAINS ON SINK, drainboard, enamel—let cloth saturated with Roman Cleanser stand on stain.



ODORS AND STAINS—pour a little Roman Cleanser into bowl, let stand. See label.

WHITE WOODWORK will be whiter with Roman Cleanser in the scrubbing suds.

The beans may, of course, be cooked in a pressure saucepan; in this case the cooking at about 15 pounds pressure usually takes from about one-and-a-half to two-and-one-half minutes.

The twelve-ounce package of quick-frozen green limas measures about two cups, the equivalent of two pounds of fresh green lima beans in the shell.

The classic foods with which to pair green lima beans are tomatoes, corn and chicken; onions and green pepper are two of the best flavorings for them. With tomatoes and other seasonings they make a delicious Creole dish, combined with corn they're Succotash, and with corn and chicken they turn into wonderful, succulent Brunswick Stew.

Another good-tasting way to use green limas is in soups—either in a fish chowder or in a vegetable soup with a cream sauce or tomato base. Try them in salads, too. Paired with whole-grain corn (canned or cooked quick-frozen) and French dressing or mayonnaise they make a hearty luncheon salad. They are delicious, too, in a molded salad of clear or tomato aspic.

CHILI GREEN LIMAS . . . Tasty and nutritious.

When you cook them plain boiled the seasoning may vary, of course. But the amounts of seasonings may be increased to suit your family's taste. As it is, the recipe makes a delicately flavored dish. Be sure to serve the limas with any pot liquor that remains—in sauce dishes, if you like.

Chili Green Limas

1½ cups boiling water, 2 12-ounce packages quick - frozen green lima beans, 2 tablespoons vitaminized margarine, ¾ teaspoon salt, ⅛ teaspoon pepper, ⅛ teaspoon chili powder, 2 tablespoons chopped green pepper, 2 tablespoons chopped onion, 1½ teaspoons sugar, 6 to 8 tomato slices, if desired, 6 to 8 tablespoons grated Parmesan cheese, if desired.

To the boiling water add lima beans, vitaminized margarine, salt, pepper, chili powder, green pepper, onion and sugar. Bring to a rolling boil quickly, lower heat and boil gently until beans are tender, about 16 to 18 mins. Turn into a serving dish, and if desired top with broiled tomato slices and sprinkle with grated Parmesan cheese. Serve immediately. 6 to 8 servings.

Car Drivers Must Renew Permits Before April 1

A warning to local motorists from Edward T. Fogo, state registrar of motor vehicles, was received here in a letter today from Mr. Fogo to Walter C. Bailey, deputy registrar of motor vehicles for Marion.

In his letter Mr. Fogo advised Mr. Bailey, "Thousands of motorists have failed to renew their driving licenses after the 1947 license year expired last Sept. 30, 1947. Operation of a motor vehicle without the 1948 permit makes them liable to arrest. Any drivers in your area who for some reason do not have a 1948 drivers license and were properly licensed in 1947 must obtain a 1948 license by April 1 if they are to avoid taking a new examination for a permit."

With approximately half of the number of license plates required for Marion's vehicles already sold, 4,400 to date, license sales at the registrar's office has slowed sufficiently to permit purchasers to secure their plates without waiting or delay. Motorists are urged by the registrar to secure plates now and avoid the last minute rush.

RETURNED NAZI PRISONERS ILL

Doctors Think Fifth of Those Coming from Russia May Need Hospitalization.

By GEORGE BOULTWOOD
Associated Press Correspondent

HAMBURG, Germany, March 18—The physical condition of German prisoners of war returning from Russia is causing British medical authorities here grave concern.

Reports from British army doctors show that 20 per cent of prisoners returned from the Russian zone have had to be hospitalized. Similar complaints have been made by American military government authorities.

Of the 29,400 prisoners repatriated to the British zone from the east since last September, 10 per cent have been suffering from malnutrition, British army doctors reported. Another 10 per cent hospitalized immediately on arrival suffered from tuberculosis, old wounds requiring treatment and accidental injuries.

Malnutrition Shown

Sample checks taken among the 80 per cent who did not go to hospital revealed many men were "undernourished to the point of emaciation." Others showed "loss of weight, with dry wrinkled skin and pallid or greyish complexions."

The repatriation trains arrive at irregular intervals at Friedland, the British side of the Russian border. There the stretcher cases and weakest men are removed to local German hospitals. The remaining "fit" men are then taken to an old German army training camp at Muenster Lager. Within 24 hours they are processed and released.

An examination of a trainload of arrivals at Muenster Lager resulted in 52 being sent to hospitals. There were 22 cases of defective vision and 96 of muscle wasting, all due to malnutrition, the doctors reported.

Performed Manual Tasks

Two contingents, each of 1,000 prisoners, arriving at Friedland had a hospital rate of 42 per cent and "a considerable number were unfit for further travel," the British control commission said. Prisoners interviewed on their return said they received rations with the rough value of 2,000 calories a day. That was more than the normal Russian consumer received, but they claimed the ration was inadequate for the work performed. Prisoners I spoke to said they had been employed on manual labor such as road mending, shifting rubble in devastated towns like Kiev and Stalingrad, and heavy work in armaments factories.

In the New England region three-fourths of the farm houses are about 60 years old, according to estimates made recently.

800 Witness Action-Packed Golden Gloves Semifinals at Armory

GLOVES FINALS SET TOMORROW EVENING

Fans See 5 KO's in Last Night's Bouts.

By BILL MURPHY

Fights at the armory last night, in the second day of Golden Gloves competition, attracted 800 fans.

Battling in semi-final action in the fifth annual running of the local classic consisted of 21 matches. Decisions rendered included three knockouts, five technical knockouts, six split decisions and seven unanimous decisions.

Marion boxers won two and lost one of the fights by ko's. One of the ko's was scored in a fight between two boys from Marion, one was lost at the hands of an out-of-towner, and the other ended in a win over an out of town boy.

Carries Fight to Acker

Harold Waits, popular local welterweight, fighting his second match last night (he stopped Jim Long Monday night at the end of the second round), carried the fight to Carl Acker of Delaware in the first round, trying for a quick ko, but was never able to get in one of his powerful rights. Acker kept clinching, but starting the second, Walts met him in the middle of the ring, battered him to the ropes, and dropped him with a barrage of left and rights in 34 seconds for the ko.

Charles Farina of Galion, middleweight, also fighting his second bout, hammered Dough Kilroy to the canvas in one minute and 56 seconds of the second round. Farina, runner-up last year to James Wood of Delaware in the middleweight division for the title, and winner over George Snively of Richwood by a ko in the third round Monday night, caught Kilroy in the corner, drove him across the ring with a terrific display of power, and canned him with right upper-cut. "Kolroy was here." Too bad, Kilroy.

Charles Ludwig, 212, of Marion and Harold Henderson, 192, of Delaware staged the only heavyweight match this far in the elimination process. Henderson won the decision.

Robert Millington, 93, of Richwood and John Obenour, 95, of Marion put on a good show. Millington took the split decision.

A featherweight fight between Lawrence Strahm, 126, of Carey and Don Maples, 125, of Ashley also proved to be a good scrap. Strahm, bantamweight king in '46, and featherweight champ last year, pounded Maples unmercifully to take all three rounds.

Joe Neidig of Byhalia, lightweight, ko'd Richard Obenour in 42 seconds of the first round for his second win in as many bouts. He ko'd Neil Boyle of Bucyrus, 135, in a minute and 56 seconds of the first round on Monday's card.

Willard Carwile, 88, defeated Ward Moore, 95, of Delaware on a decision as he demonstrated plenty of ring know-how, and uncanny skill in chopping Moore whenever he felt inclined to do so. He's a boxer, a dancer and a ring artist—with a punch in either hand.

In another good bout, Carroll Combs, 136, of Marion, stopped Clarence Jackson of Delaware in one minute and 10 seconds of the first round. Combs, winner over Richard Stout, 135, of Delaware in 1:40 of the second round Monday, punched Jackson at will, and had him down four times before Jackson's handlers threw in the towel. If Neidig and Carroll meet in the finals (they are both lightweights) the fans should see a real battle. Both boys are hard punchers.

Boxers are to report to the armory for weighing-in, wrapping and matching at 6 p. m. Friday night.

Jack Bray, publicity chairman, wishes it announuced that all reserved seat ticket holders are to take their seats by 8:15 p. m. Friday or they will be sold at the door.

Action at the Golden Gloves Bouts

ALL TANGLED UP. Middleweights Charles Farina of Galion and George Snively of Richwood tie into each other in their Monday night bout of the Golden Gloves tournament at the Marion armory. Farina, about to fall onto the press table, is being held up by timer Leonard L. Bechtel, while Star sportswriter Bill Murphy gleefully lends a hand. Referee Dr. A. J. Wagner, almost hidden, dives into the pileup to separate the fighters. Farina won by a tko. Others at the press table are Dick Lake and Jim Nichols, Galion sportswriters, and Ray Smallwood, judge.

LANDS HIS LEFT. John Obernour (left) lands a left on Jack Parish while referee Jack Lewis looks on. Both paperweights are from Marion. Obernour won by a decision. These photographs were taken by P. L. Loveland of the Y's Men's Service club, sponsors of the Golden Gloves bouts.

ALTHOUGH the ABC bowling tournament is just now entering its second week of play and is scheduled to run until May 29, the bowling congress has already set plans for the 1949 tourney—the forty-sixth . . . Next year, the mammoth pinfest will be held at Atlantic City starting Feb. 12—the earliest opening date in the meet's history . . . . That pushes up the whole bowling timetable about a month and a half . . . Reservations for next year's tourney must be in by Oct. 1, entries must be filed by Nov. 20, and the closing date for teams without reservations is Dec. 15 . . . Next year's meet runs until April 12.

A FELLOW down in Louisville, Ky., appropriately named Robert Rolli, slides 'em down the alley in league competition every day of the week . . . . Rollin' Rolli bowls in nine leagues, and is second only to Chester Smith of Detroit, who is the nation's top bowling fanatic and works in 11 leagues . . . . The ABC reports 81 claims for perfect 300 games to date in the 1947-48 season . . . . That includes the game Harold C. Clark bowled here on the Palace alleys March 7 for the Eagles Travelling league . . . . Thirty-two 299's and two dozen 288's are claimed . . . Among the boys who pick up the splits the hard way, only four reported erasing the 5-7-10's . . . Forty made the Big 4's and 62 picked up the 7-10's.

AN OHIO TEAM, the WADC of Akron, bowled the highest team game to date this year, a 1320 . . . Their best team series—a 3469—is second to a big 3539 turned in by Arway of St. Louis . . . Highest individual series recorded for the current season was an 836 bowled by Don Mikol of Green Bay, Wis.

WARREN WRIGHT'S Calumet Farms, one of the leading nominators for this year's Kentucky Derby, was the top nominator for another Churchill Downs race—the $25,000 added Kentucky Oaks . . . Wright's farm named five to the classic for three-year-old fillies, including Bewitch, leading money winner as a two-year-old and a favorite Derby nomination . . . The Kentucky Oaks will be run Friday afternoon preceeding the Saturday, May 1 Derby . . . Other Calumet nominees are Whirl Some, Whirling Girl, Yesme, and Airy . . . A total of 30 fillies are eligible to run in the Oaks . . . Last year the race was won by Blue Grass, with Cosmic Missie second and Mother third.

JOE ROSEBERRY of 435½ North Prospect street leaves tomorrow night for one of the St. Louis Cardinal training camps in Albany or Columbus, Ga. . . . . Joe won 16 and lost five pitching for Winston-Salem last year between taking turns in the outfield . . . He batted .348 and his coaches decided he would be a greater threat at bat than on the mound despite his fine won-lost record . . . . Joe will report to Cardinal officials in St. Louis for his assignment . . . His wife, Dorothy, will remain in Marion.

Chandler Looks For Good Year in Baseball

By The Associated Press

SANTA MONICA, Calif., March 18—Organized baseball will have another great year and the talent will be the best since the war, says Commissioner A. B. Chandler.

Principal speaker before 1,200 banquet guests last night, Chandler predicted that last year's 60,000,000 fan-attendance will be matched this year in organized baseball. He said the calibre of players will be the best since the war and within a few years will regain the pre-war level.

14 of 32 Survivors in Ohio's Cage Tournaments See Action Tonight

By The Associated Press

COLUMBUS, O., March 18—Fourteen of the 32 survivors in Ohio's 1947-48 high school basketball tournament see action tonight when regional play opens at five centers.

The bulk of the basket shooting will be in class B, but the statewide spotlight focuses on Cincinnati Class A event.

There Hamilton Catholic, winner of 24 out of 25, and Columbus Central, beaten only twice in 26 outings, crash head-on. Catholic has won its last 18 starts; Central 16 straight.

Class B action tonight is at Youngstown, Springfield and Toledo. Only other Class A firing is at New Concord.

Nine games—Six in Class A and three in Class B—will be held tomorrow. Eight games Saturday will determine the four teams in each class which come to Columbus April 1-2-3 for the championship finals.

Three former state champions still are in the running, and two tangle tonight. Akron Ellet (16-3), the Class B champ in 1944, faces North Canton (21-5), winner in 1939, in the Youngstown opener. Portsmouth, a former Class A champion, meets Akron South tomorrow night at New Concord.

Findlay and Bremen, lone perfect-record teams still going, also play tomorrow. The Trojans (23-0,) a last year finalist in Class A, take on Mansfield Madison (20-2) at Toledo. Bremen (27-0) and Glenford (33-1) battle in a Class B feature at Athens.

"Iron Shots" Subject Of Golf Clinic Tonight

The third session of the Y.M.C.A. golf clinic will be held at the Y.M.C.A. at 8 p. m. tonight. Subject for the evening will be "Long Iron Shots" and William Alves, Marion Country Club pro, will again be the lecturer.

After the usual question and answer period following Alves' talk and demonstration, four short movies will be shown.

One movie, "Pinehurst" is a study of the play of Byron Nelson, Johnny Revolta, Vic Ghezzi, Jimmy Thompson, and Ed Dudly in tournament action at the Pinehurst, N. C. Country club.

"Rough but Hopeful," a second golf short, shows several Hollywood stars, including Bob Hope, Bing Crosby, Red Skelton, Mickey Rooney and others, playing in the Frank Borcage tournament in Hollywood.

The two other movies, "Under Par" and "In the Rough" are in the Johnny Ferril series.

BUDDY BOMAR FINED, SUSPENDED BY BOWLERS

By The Associated Press

DETROIT, March 18—Buddy Bomar, captain of the world champion Kathryn bowling team of Chicago, was suspended for six months and fined $500 last night by the Bowning Proprietors Association of America.

Bomar had been charged with violating the contract of a match in which his squad was defending its title against Detroit's E. & B. team, former world title holders.

ACTION A PLENTY TONITE

The Marion armory tonight should have plenty of action as Promoter Fishbaugh has signed a double main event that should please all the customers. For the fans who like their wrestling spiced with plenty of rough stuff, Red Lyons has signed to meet the former boxer, Jack Kelley. Here are a couple of Irishmen who ought to throw everything but the ring-posts at each other. Both were disqualified against the Farmer, now the referee can let these two work on each other.

The other main event should satisfy those fans who like their wrestling on the clean side for Bill Murray signed to meet a newcomer, Bill Sledge. Sledge, unlike other Texans who have appeared here comes as one of the cleverest and cleanest wrestlers. Sledge also was a great football player. Both matches are over the 90 minute route with the best two out of three falls to win. Donald Duck and Mickey Mouse will return for the prelim at 8:30. Price 50c, 75c, $1.00 for this outstanding action card. Call 2745 after six for reservations.—Adv.

t. Louis University Overwhelms NYU to Win National Invitational Cage Tourney

-America Center Ed Macauley Leads ikens To 65-52 Win Over Violets

By The Associated Press

YORK, March 18—There wasn't any doubt today about the St. Louis university basketball team, and its string- All-America Ed Macauley.

Billikens from the banks of the Mississippi put on a col- last night to overwhelm New York university, 65-52, finale of the National Invitation tournament at Madison Garden. All the bills displayed superb teamwork, but Macauley was outstanding.

Six-foot-eight Ed, who looks as if he might snap in half at any moment, come up with a brilliant individual performance as the Bills gained a berth in the Olympic games trials.

Macauley poured in 24 points before he got tired shooting at the net and was content to feed his mates for the buckets that all but ran the NYU Violets purple-faced. He was unanimously voted the tournament's most valuable player.

Western Kentucky Wins

The preliminary consolation game, won by Western Kentucky, 61-59, after a rough overtime tussle with DePaul, provided most of the evening's thrills.

Meanwhile, two more gusts in basketball's whirlwind of post-season tournaments blow in tonight with opening of the eastern NCAA and the National Y.M.C.A. eliminations.

The east's National Collegiate Athletic association event takes the big spotlight at Madison Square Garden with games involving defending champion Holy Cross and three conference champions.

Kentucky, kingpin of the Southeastern, will play Columbia, Ivy league titleholder, at 8 p. m. and Michigan, the Big Nine ruler, will meet Holy Cross in the afterpiece of the all-star doubleheader.

The winners tangle Saturday and the smart boys contend Kentucky is the one to go all the way.

Y.M.C.A. in Brooklyn

Across the river, meanwhile, in Brooklyn's Manual High gymnasium 11 teams from six states launch play in the three-day National Y.M.C.A. tournament.

The two tourney survivors will qualify for a chance in the Olympic tryouts, opening in the Garden March 27.

Two of the east Olympic spots are already filled—one of them by St. Louis.

Louisville, a representative of the "small college" crowd, earned a place previously by winning the National Association of Intercollegiate Basketball (NAIB) marathon at Kansas City.

Three of the remaining four positions in the field will be filled by independent teams now scrambling for honors in the National AAU tournament at Denver and the other will come out of the Western NCAA playoffs, opening Friday at Kansas City.

YANKS SCORE WHEN IT COUNTS ON REDS

By The Associated Press

ST. PETERSBURG, Fla., March 18—The Redlegs of Cincinnati have taken some more of the "score when it counts" treatment from the world champion New York Yankees.

The Rhinelanders, who take on the St. Louis Cardinals here today, met the Yanks yesterday for the second time in five days and the decision went to the New Yorkers by one run, 8-7. In a previous meeting the Yankees came up with four runs in the ninth inning to win 4-3.

It was the ninth inning when the New Yorkers counted their eighth and deciding run. Walker Cress, the third Cincinnati pitcher of the day, issued two walks and then Johnny Lindell rapped his third single to bring in the big marker.

Jack Phillips led the Yankee attack with a triple and three singles.

Redleg Johnny Vandermeer started the game but pitched only one ball. He was knocked unconscious as he collided with the Yanks' Lonnie Frey in attempting to field a grounder. Frey escaped serious injury and Vandy was ready to continue the game but was sidelined by manager Johnny Neun.

Tommy Hughes and Harry Gumbert were named by Neun to face the Cardinals.

SPORTS ROUNDUP

by Hugh S. Fullerton jr.

NEW YORK, March 18—There's at least one in every baseball camp .... That is, a rookie "wonder" who won't be ready for a year or two ... In touring the southland you hear more about these prospects than the veterans they may some day replace—about kids like John Groth, Walt Dropo, Stan Lopata, Dick Manville and Johnny Bucha.

DROPO, a big boy from the University of Connecticut, was on the draft lists of both pro football leagues and both pro basketball leagues. He chose baseball and isn't even on the Boston Red Sox roster ... Still he's the boy they'll point out in the Boston camp and ask: "Doesn't he look like Hank Greenberg?" ... There is a remarkable resemblance in the way Walt carries his head and shoulders—and he appears to be able to slug the ball a country mile, too ... This year Joe McCarthy apparently is going along with Stan Spence as his first baseman ... But in another year or two, if Dropo learns to handle his feet around first base—.

IN THE DETROIT TIGERS camp, everything else comes almost to a halt when young Groth steps up to the plate. The batting practice pitcher glances down at the screen in front of him, for Groth has the habit of slashing murderous drives right through the box ... He's only 21, a strong well-built youngster and they can't fault him on anything but experience. He has had only a year of pro experience and Steve O'Neill figures he'll need one more in the minors—"then he'll be back to stay a long time."

Training Camp Notes

By The United Press

CIUDAD TRUJILLO, D. R., March 18—Johnny Jorgensen, the "forgotten man" of the Brooklyn Dodgers, was back today in the six-cornered fight for the third base position he held down for the National league champions last year.

Jorgensen, who had a sore arm, now is ready to meet the combined challenges of Billy Cox, Arky Vaughan, Tommy Brown, Bob Ramazotti, and Cookie Lavagetto. He played his first game yesterday as the Dodgers trounced their Montreal Royal farm hands, 14 to 0.

* * *

SARASOTA, Fla., March 18—The Boston Red Sox, hoping to gain revenge on the New York Yankees for a defeat last Sunday, will lead with their ace today—righthander Joe Dobson.

Dobson, winner of 18 games against eight defeats, was selected by Manager Joe McCarthy and will attempt to go five innings. Harry Dorish and Earl Johnson, the Sox' relief pitchers, will finish the game.

* * *

ST. PETERSBURG, Fla., March 18—Johnny Lindell and Jack Phillips were the hitting stars yesterday when the New York Yankees beat the Cincinnati Reds, 8 to 7, for their eighth victory in nine exhibition games.

Lindell, the only Yankee regular in the game, got three hits, incluidng a ninth-inning single that decided the game. Phillips had a triple and three singles. Frank Shea was the Yanks' pitching star, going three hitless innings, while Virgil Stallcup led the Reds with a home run.

* * *

LOS ANGELES, March 18—Manager Charlie Grimm of the Chicago Cubs named Johnny Schmitz, Doyle Lade, and Ben Wade to pitch against the Chicago White Sox today—if it doesn't rain again.

The Cubs' game against Cleveland yesterday, cancelled by wet grounds, was Chicago's fifth cancellation in their last seven games.

* * *

LAKELAND, Fla., March 18—With a three game losing streak finally ended by a 6 to 2 win over the St. Louis Cardinals, the Detroit Tigers today showed a mark of four victories and five defeats in the exhibition circuit.

Dizzy Trout's scoreless pitching for six innings was the standout of the Tigers' victory yesterday. Trout gave up four hits.

The Tigers got four runs off Howie Pollet and two off Ray Yockhim. Vic Wertz had an inside-the-park homer for Detroit.

CARGO OF LIGHTS INTACT

BUCYRUS—The cargo of fluorescent lights made at the local General Electric plant was undamaged when a G. E. truck overturned as the wheels struck the soft berm on state route 4, near here Wednesday. The driver, Oscar T. Gordon, Cleveland, was slightly bruised. The load was transferred to another truck.

"Y" Gold Medal Basketball Tourney Resumes Tomorrow

The Y. M. C. A. Gold Medal basketball tournament resumes tomorrow night with a four-game card slated to get under way on two Y courts at 7:30 p. m.

On the upper floor the Vet Leaguers will meet tough Schlairet Transter and an hour later Pollak Steel will fare the Carey Bursons.

On the lower court, Martel Elevators will battle it out with McMillen Feeds and the flashy Fairpaco V.F.W. will engage Commercial Steel in the second game there.

The Vet Leaguers, a collection of the best men in the young City Vet league, face the winner of the Monday night Y league and one of the toughest ball clubs in the county in Schlairet.

McMillen vs. Martel

While the Vets and Schlairet are battling on the upper floor, the Y Monday runner-up, McMillen Feeds, will engage the winner of the Thursday night Y league, Martel Elevators, on the lower floor.

Best 8:30 game should be the Commercial Steel-Fairpaco game. Commercial, another tough Marion quintet, will meet a smooth club in the visiting V.F.W. cagers. Last week, Fairpaco waltzed past New Winchester, 54-26.

The Saturday night card rivals Friday's in big-name teams with the Delaware Roxy Grill, Prospect All Stars, Universal Cooler, and Claridon Ex-Hi's all slated to see action.

The upper floor games are Roxy Grill vs. Universal Cooler at 7:30 and Tiffin Behm's, an all-brother and cousin team, against the Prospect Merchants at 8:30.

On the lower court at 7:30, the Claridon Ex-Hi's will run against a team considered by many to be the best in Marion—the Prospect All-Stars, who last Saturday night won the first Prospect Invitational basketball tournament from a field of 18. An hour later, the Ada Farmers Exchange will engage the winner of the Vet-Schlairet tilt.

Tobin Leads

Bob Tobin of the Marion Merchants is the top game scorer in the tourney to date. He scored 26 against Universal Cooler last Saturday night, although his team was eliminated. Next in line are Jim Frank of Commercial Steel and Lewis Buckingham of the Carey Bursons with 24, Gene Freet of Martel with 22, and Gene Shellhorn of McMillen with 20.

Semifinals in the tournament will be run off March 26 and 27, and the finals will follow a week later.

"DEW" WASHES OUT FIFTH TRIBE GAME

By The Associated Press

LOS ANGELES, March 18—The weather—instead of base hits—continues to be the chief topic of conversation among the Cleveland Indians.

Since the Tribesmen arrived on the coast last Thursday, the rain has relented only long enough for them to play three of their eight scheduled exhibitions.

Wrigley Field was virtually under water yesterday and the Indians' first meeting of the year with the Chicago Cubs was called off.

However, the players did get a chance to do a little limbering up. Boudreau had them on the field for nearly two hours taking part in pepper games, infield drills and running on what portion of the diamond they could find dry sod. There was no session in hitting, a department in which the Tribe is notably lacking in training.

If California's "eternal sunshine" appears, the Indians will divide into two squads today for afternoon and evening engagements. Squad A, or the regulars, will meet the Pittsburgh Pirates under the lights of the Hollywood park.

The B squad will tangle with U.C.L.A.'s nine in an afternoon game at the university field.

Bob Lemon, Bob Feller and possibly Steve Gromek will divide the hurling assignment for the regulars, while rookies Mike Garcia and Lyman Linde will twirl for the B squad.

B-G OPENS WITH O.W.U.

By The United Press

BOWLING GREEN, March 18—Ohio Wesleyan university will be the first opponent for Bowling Green State university's 1948 baseball team, Harold Anderson, Bowling Green athletic director, announced today. Sixty candidates, including 18 lettermen, have been working out under coach Warren Steller for posts on the varsity. The season opens April 10 at Ohio Wesleyan.

STARS TAGGED AS OSCAR CANDIDATES

By International News Service

HOLLYWOOD, March 18—Next Saturday night is the night of nights in Hollywood—when the coveted Oscars are handed out.

Hollywood's most glamorous, along with top movie officials, will fill the Shrine auditorium in Los Angeles to witness the presentation of awards by the Academy of Motion Picture Arts and Sciences.

Nominations made by the Academy committee, include:

Best performance by an actor: Ronald Coleman ("A Double Life"), John Garfield ("Body and Soul"), Gregory Peck ("Gentlemen's Agreement"), William Powell ("Life With Father"), Michael Redgrave ("Mourning Becomes Electa").

Best performance by an actress: Joan Crawford ("Possessed"), Susan Hayward ("Smash Up") Dorothy McGuire ("Gentleman's Agreement"), Rosaline Russell ("Mourning Becomes Electra") and Lorreta Young ("The Farmer's Daughter").

Other nominations for various awards run the gamut from best supporting roles to best original motion picture story, with the social problem story, 'Gentlemen's Agreement' receiving most attention in the various categories.

Two English films, "Great Expectations" and "Black Narcissus," were mentioned more than once in this year's nominations, with the former noted for its black-and-white art direction, color art direction, black-and-white cinematography directing, best motion picture of the year and best written screen play. "Black Narcissus" was tapped for its color art direction and color cinematography. The highly publicized, expensively produced "Forever Amber" was mentioned in only one category, that of "best scoring."

EDWARD EVERETT HORTON, born March 18, 1887, learned his acting trade in stock. For many years he ran his own company in Los Angeles. He has played in "Springtime for Henry" more than 900 times. In 1930 he turned to full time film work. Son of a former composing room foreman for the New York Times, he began acting while a student at Columbia university.

One Man's Opinion

By WALTER KIERNAN

There is medical news that allergic children have a high content of electricity . . . That may explain why so many shock their parents.

* * *

But it offers some encouragement to the student to go on . . . if he can't top 75 in English he may hit 110 on the volt meter.

* * *

When anyone asks now, "Are your children bright?" they mean, do they have enough allergies to light up a juke box.

* * *

It must be an allergy . . . There must be some sane explanation for lighting up a juke box.

* * *

Lehigh university professors are blowing a fuse since the students announced that they would starting rating their instructors.

* * *

I hear one prof said, "When I have to lug a basket of apples to my students it's time to give up teaching and start selling the apples."

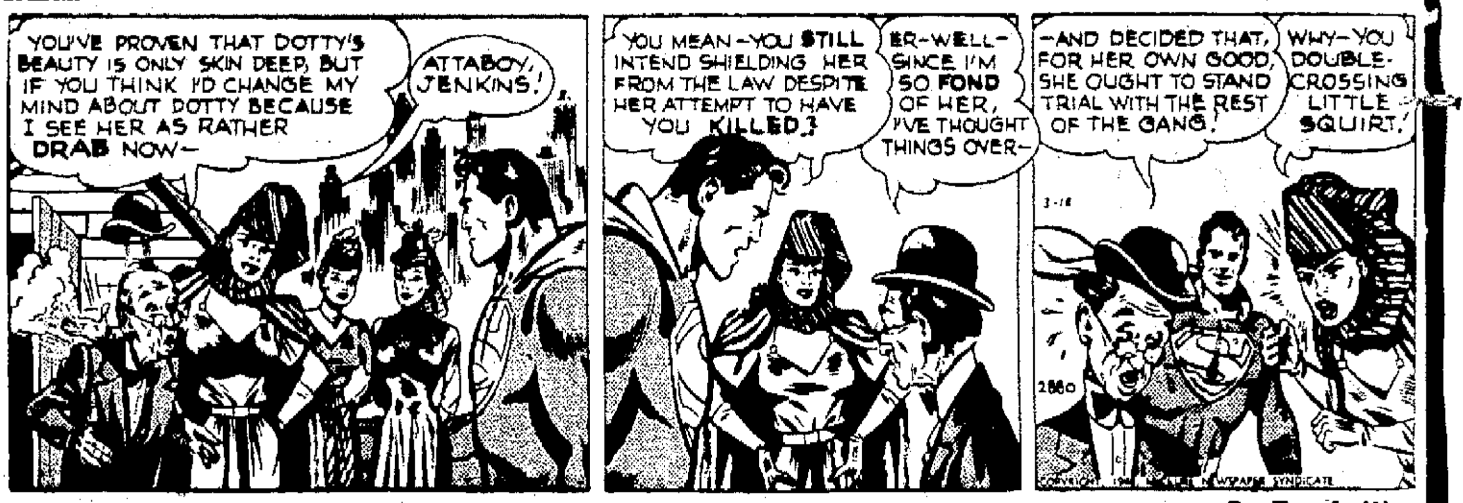
Superman

By Jerry Siegel and Joe Shuster



YOU'VE PROVEN THAT DOTTY'S BEAUTY IS ONLY SKIN DEEP, BUT IF YOU THINK I'D CHANGE MY MIND ABOUT DOTTY BECAUSE I SEE HER AS RATHER DRAB NOW—
ATTABOY, JENKINS!
YOU MEAN—YOU STILL INTEND SHIELDING HER FROM THE LAW DESPITE HER ATTEMPT TO HAVE YOU KILLED?
ER-WELL—SINCE I'M SO FOND OF HER, I'VE THOUGHT THINGS OVER—
—AND DECIDED THAT, FOR HER OWN GOOD, SHE OUGHT TO STAND TRIAL WITH THE REST OF THE GANG!
WHY—YOU DOUBLE-CROSSING LITTLE SQUIRT!

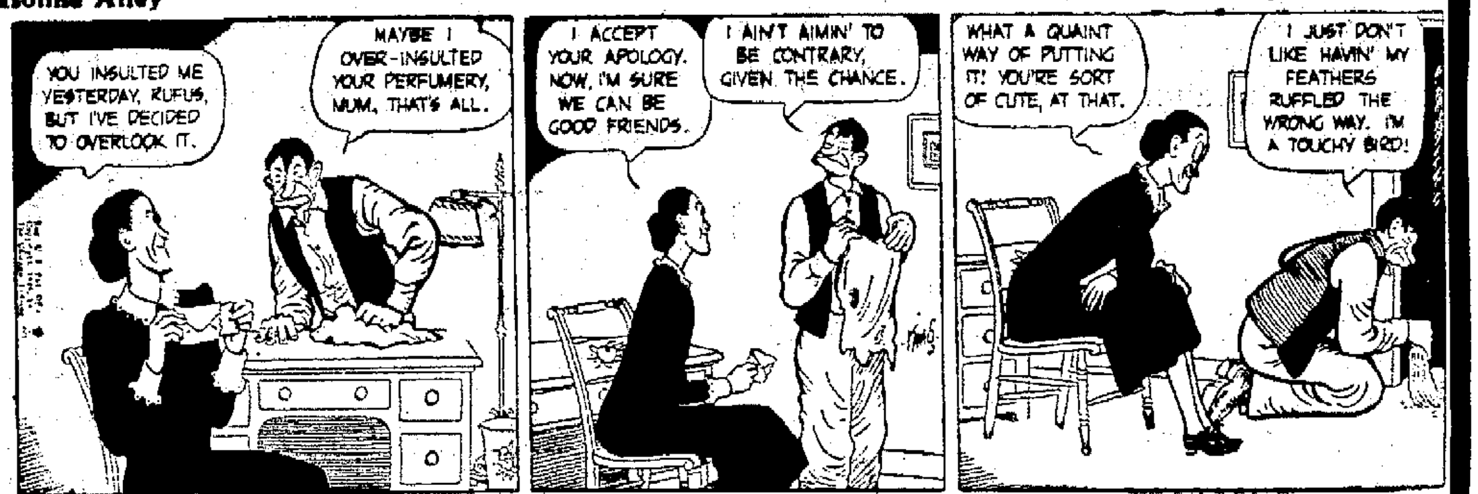
Gasoline Alley

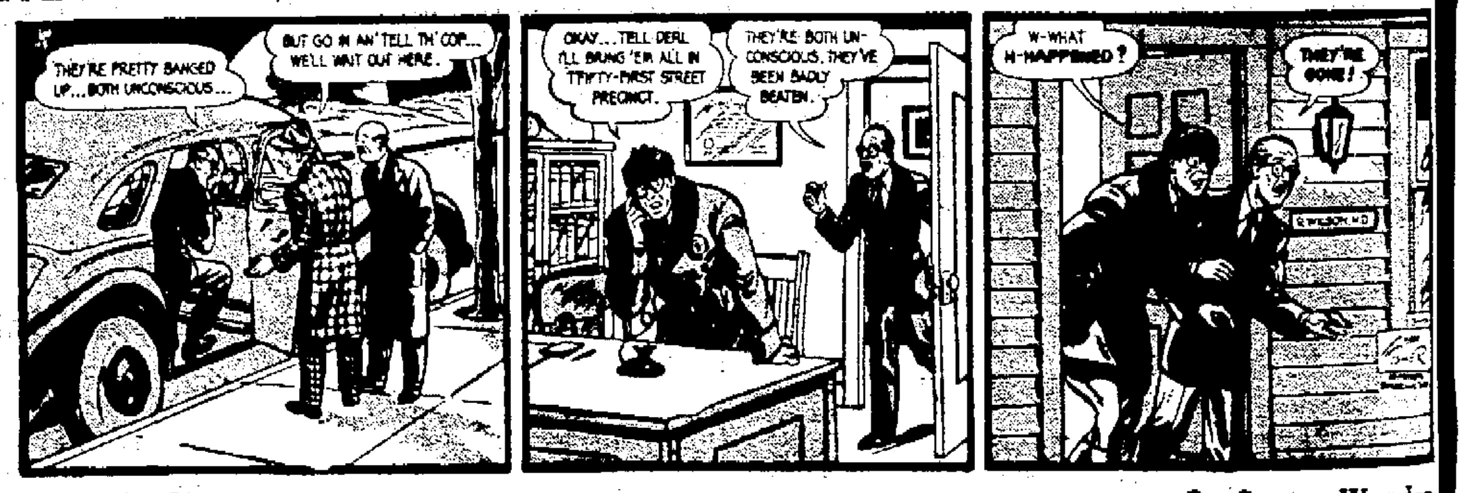
By Frank King



YOU INSULTED ME YESTERDAY, RUFUS, BUT I'VE DECIDED TO OVERLOOK IT.
MAYBE I OVER-INSULTED YOUR PERFUMERY, MUM, THAT'S ALL.
I ACCEPT YOUR APOLOGY. NOW, I'M SURE WE CAN BE GOOD FRIENDS.
I AIN'T AIMIN' TO BE CONTRARY, GIVEN THE CHANCE.
WHAT A QUAINT WAY OF PUTTING IT! YOU'RE SORT OF CUTE, AT THAT.
I JUST DON'T LIKE HAVIN' MY FEATHERS RUFFLED THE WRONG WAY. I'M A TOUCHY BIRD!

Joe Palooka

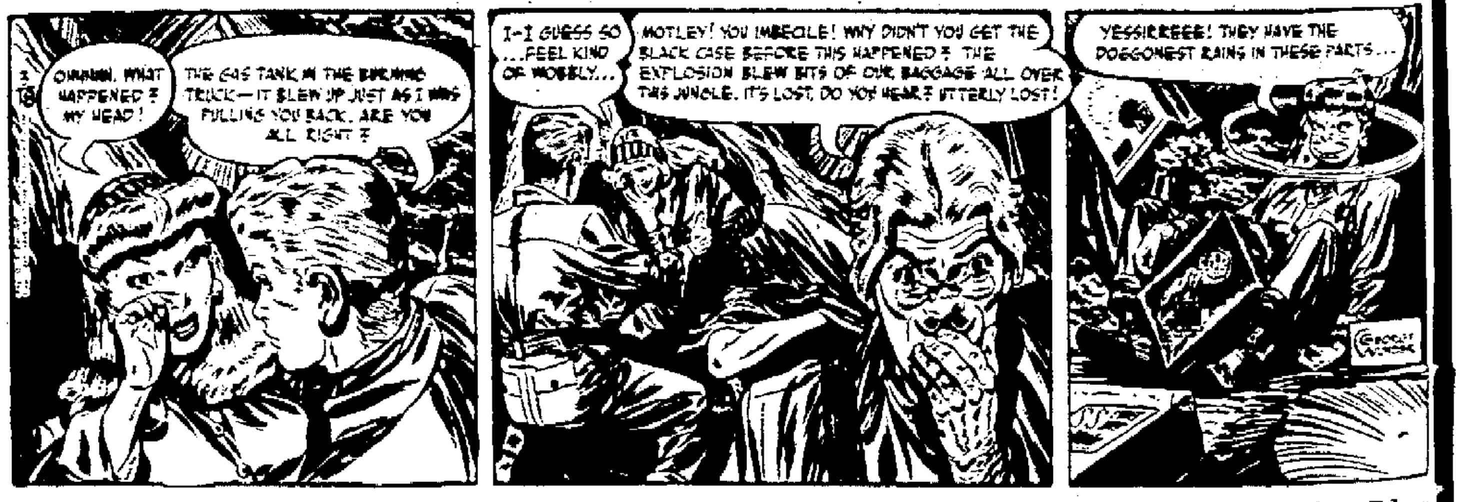
By Ham Fisher



THEY'RE PRETTY BANGED UP...BOTH UNCONSCIOUS...
BUT GO IN AN' TELL TH' COP... WE'LL WAIT OUT HERE.
OKAY...TELL DERL I'LL BRING 'EM ALL IN T'FIFTY-FIRST STREET PRECINCT.
THEY'RE BOTH UNCONSCIOUS. THEY'VE BEEN BADLY BEATEN.
W-WHAT H-HAPPENED?
THEY'RE GONE!

Terry and the Pirates

By George Wunder



OHHHH. WHAT HAPPENED? MY HEAD!
THE GAS TANK IN THE BURNING TRUCK—IT BLEW UP JUST AS I WAS PULLING YOU BACK. ARE YOU ALL RIGHT?
I-I GUESS SO ...FEEL KIND OF WOBBLY...
MOTLEY! YOU IMBECILE! WHY DIDN'T YOU GET THE BLACK CASE BEFORE THIS HAPPENED? THE EXPLOSION BLEW BITS OF OUR BAGGAGE ALL OVER THIS JUNGLE. IT'S LOST, DO YOU HEAR? UTTERLY LOST!
YESSIRREEE! THEY HAVE THE DOGGONEST RAINS IN THESE PARTS...

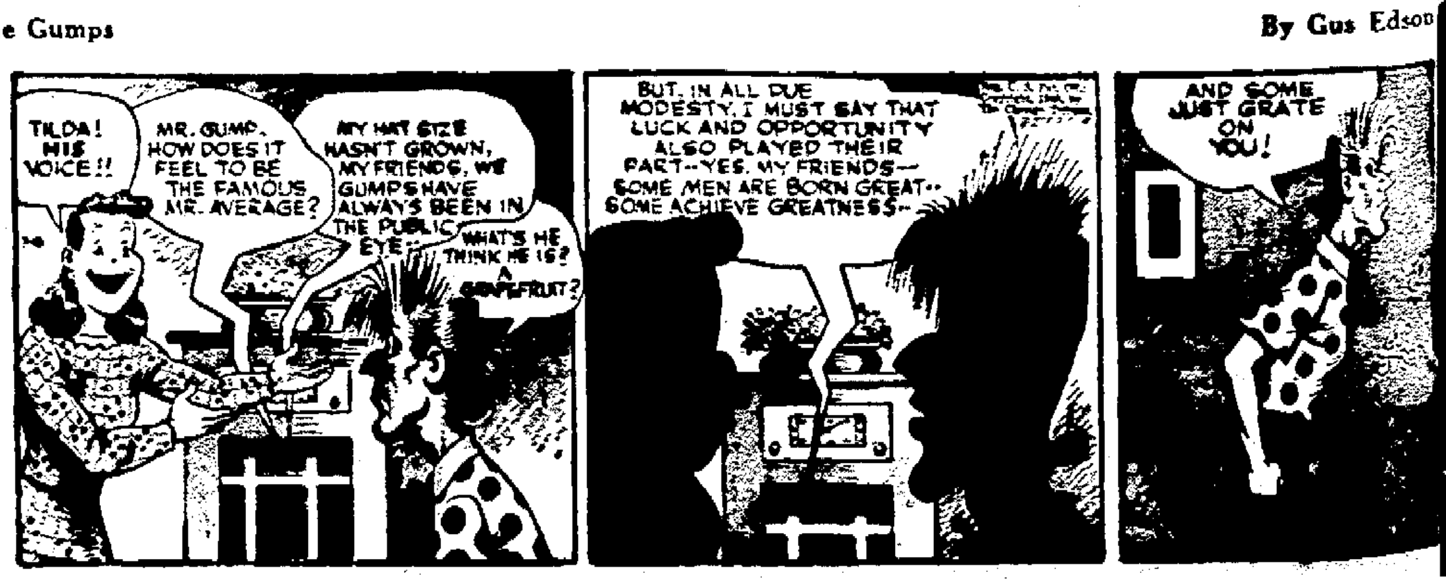
The Gumps

By Gus Edson



TILDA! HIS VOICE!!
MR. GUMP, HOW DOES IT FEEL TO BE THE FAMOUS MR. AVERAGE?
MY HAT SIZE HASN'T GROWN, MY FRIENDS. WE GUMPS HAVE ALWAYS BEEN IN THE PUBLIC EYE—
WHAT'S HE THINK HE IS? A GRAPEFRUIT?
BUT, IN ALL DUE MODESTY, I MUST SAY THAT LUCK AND OPPORTUNITY ALSO PLAYED THEIR PART—YES, MY FRIENDS—SOME MEN ARE BORN GREAT—SOME ACHIEVE GREATNESS—
AND SOME JUST GRATE ON YOU!
